Ms. Jennifer Burnett
Senior Attorney & Public Information Coordinator
The University of Texas System
210 West 7th Street
Austin, Texas 78701-2901

OR2020-10887

Dear Ms. Burnett:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 821865 (OGC# 194790).

The University of Texas Health Science Center at San Antonio (the "university") received a request for certain contracts, including information pertaining to a specified bidding process. Although the university takes no position regarding whether the submitted information is excepted from disclosure under the Act, the university informs us its release may implicate the proprietary interests of Barnes & Noble College Bookstores, Inc. ("B&N"). Accordingly, the university states, and provides documentation showing, it notified B&N of the request for information and of its right to submit arguments to this office. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have reviewed the submitted information.

An interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) of the Government Code to submit its reasons, if any, as to why information relating to that party should be withheld from public disclosure. *See* Gov't Code § 552.305(d)(2)(B). As of the date of this letter, we have not received comments from B&N explaining why the information at issue should not be released. Thus, we have no basis to conclude B&N has a protected proprietary interest in the submitted information. *See id.* § 552.110; Open Records Decision Nos. 661 at 5-6 (1999) (to prevent disclosure of commercial or financial information, party must show by

specific factual evidence, not conclusory or generalized allegations, release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish *prima facie* case that information is trade secret), 542 at 3. Therefore, the university may not withhold the submitted information on the basis of any proprietary interest B&N may have in the information. As no exceptions to disclosure are raised, the university must release the submitted information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at <https://www.texasattorneygeneral.gov/open-government/members-public/what-expect-after-ruling-issued> or call the OAG's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Public Information Act may be directed to the Cost Rules Administrator of the OAG, toll free, at (888) 672-6787.

Sincerely,

James M. Graham
Assistant Attorney General
