ATTORNEY GENERAL OF TEXAS

Ms. Christie Hobbs
General Counsel
Northwest Independent School District

Dear Ms. Hobbs:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 823188.

The Northwest Independent School District (the "district") received a request for specified video recordings.¹ You claim the submitted information is excepted from disclosure under sections 552.101 and 552.103 of the Government Code. We have considered the exceptions you claim and reviewed the submitted representative sample of information.²

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This exception encompasses section 418.182 of the Texas Homeland

¹ You state, and provide documentation showing, you sought and received clarification of the information requested. *See* Gov't Code § 552.222 (providing if request for information is unclear, governmental body may ask requestor to clarify request); *see also City of Dallas v. Abbott*, 304 S.W.3d 380, 387 (Tex. 2010) (holding that when a governmental entity, acting in good faith, requests clarification or narrowing of an unclear or overbroad request for information, the ten-day period to request an attorney general ruling is measured from the date the request is clarified or narrowed).

² We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

Security Act (the “HSA”), chapter 418 of the Government Code. Section 418.182(a) provides,

Except as provided by Subsections (b) and (c), information, including access codes and passwords, in the possession of a governmental entity that relates to the specifications, operating procedures, or location of a security system used to protect public or private property from an act of terrorism or related criminal activity is confidential.

Id. § 418.182(a). The fact that information may be related to a security system does not make such information per se confidential under section 418.182. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute’s key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting section 418.182 must adequately explain how the responsive records fall within the scope of the statute. *See* Gov’t Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

The submitted information consists of surveillance video footage from a district school. You state release of this information would reveal the locations and coverage of the security cameras and negatively impact district security. You also assert the information reveals the security cameras’ capabilities, including the characteristics, quality, clarity, range, and angle of the images recorded. Upon review, we find the video recordings relate to the specifications, operating procedures, or location of a security system used to protect public or private property from an act of terrorism or related criminal activity. *See Tex. Dep’t of Pub. Safety v. Abbott*, 310 S.W.3d 670 (Tex. App.—Austin 2010, no pet.) (finding confidential under section 418.182 video recording containing images recorded by security cameras in Texas Capitol hallway because specifications of security system included cameras’ capabilities and video recording demonstrated those capabilities through characteristics, quality, and clarity of images recorded). Accordingly, the district must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.182(a) of the Government Code.³

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
