

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

April 28, 2020

Ms. Mary Kay Fischer
City Attorney
City of Friendswood
910 South Friendswood Drive
Friendswood, Texas 77546

OR2020-11947

Dear Ms. Fischer:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 825232 (ORR# W012160-020820).

The City of Friendswood (the "city") received a request for project drawings related to a specified project. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. You further claim the submitted information may be subject to copyright law. We have considered your arguments and reviewed the submitted representative sample of information.¹

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes. Sections 418.176 through 418.182 were added to chapter 418 of the Government Code as part of the Texas Homeland Security Act ("HSA"). You claim the submitted information is excepted from disclosure under section 418.181 of the Government Code. Section 418.181 provides "[t]hose documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism." *Id.* § 418.181; *see also id.*

¹ We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

§ 421.001 (defining critical infrastructure to include “all public or private assets, systems, and functions vital to the security, governance, public health and safety, and functions vital to the state or the nation”). The fact that information may relate to a governmental body’s security concerns or emergency management activities does not make the information *per se* confidential under the HSA. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute’s key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting one of the confidentiality provisions of the HSA must adequately explain how the responsive records fall within the scope of the claimed provision. *See* Gov’t Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You state the submitted information depicts the city’s force main water lines, sanitary sewer lines, electric lines, and gas lines, which are part of the city’s critical infrastructure. You explain release of this information could provide a potential terrorist with details regarding the locations and dimensions of the city’s utility systems, and state the disruption of such systems would compromise safety and security measures of the city’s infrastructure. Based on these representations and our review, we agree the submitted information identifies the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism. Therefore, the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code.²

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. ² As our ruling is dispositive, we need not address your remaining arguments with respect to this information.
