Mr. Robert Carroll
Senior Assistant City Attorney
City of Odessa
P.O. Box 4398

OR2020-12398

Dear Mr. Carroll:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 825456 (ORR# R000975).

The Odessa Police Department (the "department") received a request for specified policies and procedures manuals and forms. The department claims the submitted information is excepted from disclosure under section 552.108 of the Government Code.¹ We have considered the exception the department claims and reviewed the submitted information.

Section 552.108(b)(1) of the Government Code excepts from disclosure the internal records and notations of law enforcement agencies and prosecutors when their release would interfere with law enforcement and crime prevention. Gov't Code § 552.108(b)(1); *see also* Open Records Decision No. 531 at 2 (1989) (quoting *Ex parte Pruitt*, 551 S.W.2d 706 (Tex. 1977)). A governmental body claiming section 552.108(b)(1) must explain how and why the release of the requested information would interfere with law enforcement. *See* Gov't Code §§ 552.108(b)(1), .301(e)(1)(A); *see also Ex parte Pruitt*, 551 S.W.2d 706. Section 552.108(b)(1) is intended to protect "information which, if released, would permit private citizens to anticipate weaknesses in a police department, avoid detection, jeopardize officer safety, and generally undermine police efforts to effectuate the laws of this State." *See City of Fort Worth v. Cornyn*, 86 S.W.3d 320, 327 (Tex. App.—Austin 2002, no pet.). This office has concluded section 552.108(b)(1) excepts from public disclosure information relating to the security or operation of a law enforcement agency. *See, e.g.*, Open Records Decision Nos. 531 (release of detailed use of force guidelines would unduly interfere with law enforcement), 252 (1980) (section 552.108 of the Government Code is designed to protect investigative techniques and procedures used in law enforcement), 143 (1976)

¹ Although the department does not cite to section 552.108 of the Government Code in its brief, we understand the department to raise this exception based on the substance of its argument.

(disclosure of specific operations or specialized equipment directly related to investigation or detection of crime may be excepted). Section 552.108(b)(1) is not applicable, however, to generally known policies and procedures. *See, e.g.*, Open Records Decision Nos. 531 at 2–3 (Penal Code provisions, common law rules, and constitutional limitations on use of force not protected), 252 at 3 (governmental body failed to indicate why investigative procedures and techniques requested were any different from those commonly known).

The department states the submitted information, if released, would reveal law enforcement crime prevention techniques and thereby interfere with law enforcement and endanger the public. The department further argues release of the information at issue “would simply educate the public on how to plan a crime so as to thwart an investigation and avoid detection.” Based on these representations and our review, we agree the release of some of the information at issue, which we have marked, would interfere with law enforcement. Accordingly, the department may withhold the information we marked under section 552.108(b)(1) of the Government Code. However, we find the department has not demonstrated release of any of the remaining information at issue would interfere with law enforcement or crime prevention. Accordingly, the department may not withhold any of the remaining information at issue under section 552.108(b)(1) of the Government Code. The department must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
