

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

May 5, 2020

Ms. Stacey Cormican
Attorney
City of San Antonio Public Service Board
145 Navarro
San Antonio, Texas 78205

OR2020-12720

Dear Ms. Cormican:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 823290.

The City of San Antonio Public Service Board d/b/a CPS Energy ("CPS Energy") received a request for five categories of information pertaining to modeling during a defined time period.¹ You state you will release some of the requested information. You claim the submitted information is excepted from disclosure under sections 552.104, 552.111, and 552.133 of the Government Code. Additionally, you state release of this information may implicate the proprietary interests of The Brattle Group; Charles River Associates; Energy & Environmental Economics; GDS Associates; Navigant; Sargent & Lundy ("Sargent"); Siemens; and Smartbridge. Accordingly, you state, and provide documentation showing, you notified the third parties of the request for information and of their right to submit arguments to this office as to why the information at issue should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We

¹ We note CPS Energy sought and received clarification of the information requested. *See* Gov't Code § 552.222 (providing if request for information is unclear, governmental body may ask requestor to clarify request); *see also* *City of Dallas v. Abbott*, 304 S.W.3d 380, 387 (Tex. 2010) (holding when governmental entity, acting in good faith, requests clarification of unclear or overbroad request for public information, ten-business-day period to request attorney general opinion is measured from date request is clarified or narrowed).

have received comments from Sargent. We have considered the submitted arguments and reviewed the submitted information, a portion of which consists of a representative sample.²

We note an interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) of the Government Code to submit its reasons, if any, as to why information relating to that party should be withheld from public disclosure. *See* Gov't Code § 552.305(d)(2)(B). As of the date of this letter, we have not received comments from the remaining third parties explaining why the submitted information should not be released. Therefore, we have no basis to conclude those parties have protected proprietary interests in the submitted information. *See id.* § 552.110; Open Records Decision Nos. 661 at 5-6 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, that release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish *prima facie* case that information is trade secret), 542 at 3. Accordingly, CPS Energy may not withhold any portion of the submitted information related to those third parties on the basis of any proprietary interest they may have in the information.

Section 552.104(a) of the Government Code excepts from disclosure information that a governmental body demonstrates, if released, would "harm its interests by providing an advantage to a competitor or bidder in a particular ongoing competitive situation or in a particular competitive situation where the governmental body establishes the situation at issue is set to reoccur or there is a specific and demonstrable intent to enter into the competitive situation again in the future." Gov't Code § 552.104(a). The "test under section 552.104 is whether knowing another bidder's [or competitor's information] would be an advantage, not whether it would be a decisive advantage." *Boeing Co. v. Paxton*, 466 S.W.3d 831, 841 (Tex. 2015). After review of the information at issue and consideration of the arguments, we find CPS Energy has failed to demonstrate the applicability of section 552.104 to the information at issue. Thus, we conclude CPS Energy may not withhold the information at issue under section 552.104(a) of the Government Code.

Section 552.117(a)(1) of the Government Code excepts from disclosure the current and former home addresses and telephone numbers, emergency contact information, social security numbers, and family member information of current or former employees of a governmental body who request that this information be kept confidential under section 552.024 of the Government Code.³ Gov't Code § 552.117(a)(1). Section 552.117(a)(1) also applies to the personal cellular telephone number of a current or former official or employee of a governmental body, provided the cellular telephone service is not paid by a governmental body. *See* Open Records Decision No. 506 at 5-6 (1988). Whether a particular piece of information is protected by section 552.117(a)(1) must be determined at the time the request for it is made. *See* Open Records Decision No. 530 at 5 (1989).

² We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

³ The Office of the Attorney General will raise a mandatory exception on behalf of a governmental body, but ordinarily will not raise other exceptions. *See* Open Records Decision No. 481 (1987), 480 (1987), 470 (1987).

Therefore, a governmental body must withhold information under section 552.117(a)(1) on behalf of a current or former employee only if the individual made a request for confidentiality under section 552.024 prior to the date on which the request for this information was made. Therefore, if the employee whose information is at issue timely requested confidentiality under section 552.024 of the Government Code and the cellular telephone service is not paid for by a governmental body, CPS Energy must withhold the cellular telephone number we marked under section 552.117(a)(1) of the Government Code. Conversely, if the employee at issue did not timely request confidentiality under section 552.024 or the cellular telephone service is paid for by a governmental body, CPS Energy may not withhold the information at issue under section 552.117(a)(1) of the Government Code.

Section 552.133 of the Government Code excepts from disclosure a public power utility's information that is "reasonably related to a competitive matter." Gov't Code § 552.133(b). Section 552.133 provides, in relevant part the following:

(a) In this section, "public power utility" means an entity providing electric or gas utility services that is subject to the provisions of this chapter.

(a-1) For purposes of this section, "competitive matter" means a utility related matter that is related to the public power utility's competitive activity, including commercial information, and would, if disclosed, give advantage to competitors or prospective competitors. The term:

(1) means a matter that is reasonably related to the following categories of information:

(A) generation unit specific and portfolio fixed and variable costs, including forecasts of those costs, capital improvement plans for generation units, and generation unit operating characteristics and outage scheduling;

(B) bidding and pricing information for purchased power, generation and fuel, and Electric Reliability Council of Texas bids, prices, offers, and related services and strategies;

(C) effective fuel and purchased power agreements and fuel transportation arrangements and contracts;

(D) risk management information, contracts, and strategies, including fuel hedging and storage;

(E) plans, studies, proposals, and analyses for system improvements, additions, or sales, other than transmission and distribution system improvements inside the service area for which the public power utility is the sole certificated retail provider; and

(F) customer billing, contract, and usage information, electric power pricing information, system load characteristics, and electric power marketing analyses and strategies[.]

Id. § 552.133(a)-(a-1)(1). We note section 552.133(a-1)(2) provides fifteen categories of information that are not competitive matters. *See id.* § 552.133(a-1)(2). We understand CPS Energy is a municipally-owned utility. Thus, CPS Energy is a public power entity for purposes of section 552.133. CPS Energy asserts the information at issue pertains to the public electric utility's competitive activity specifically identified by section 552.133(a-1)(1). Further, CPS Energy states the information at issue is not among the fifteen categories of information expressly excluded from the definition of "competitive matter" by section 552.133(a-1)(2). *See id.* Based upon CPS Energy's representations and our review, we find Exhibits A and B relate to a competitive matter as defined by section 552.133(a-1). *See id.* § 552.133(a-1). Accordingly, we conclude CPS Energy must withhold Exhibits A and B under section 552.133 of the Government Code.⁴

Section 552.136(b) of the Government Code states "[n]otwithstanding any other provision of [the Act], a credit card, debit card, charge card, or access device number that is collected, assembled, or maintained by or for a governmental body is confidential." *Id.* § 552.136(b); *see id.* § 552.136(a) (defining "access device"). This office has concluded insurance policy numbers constitute access device numbers for purposes of section 552.136. *See* Open Records Decision No. 684 at 9 (2009). Thus, CPS Energy must withhold the insurance policy numbers in the remaining information under section 552.136 of the Government Code.

We note some of the remaining information appears to be protected by copyright. A custodian of public records must comply with the copyright law and is not required to furnish copies of records that are copyrighted. Open Records Decision No. 180 at 3 (1977). A governmental body must allow inspection of copyrighted materials unless an exception applies to the information. *Id.*; *see* Open Records Decision No. 109 (1975). If a member of the public wishes to make copies of copyrighted materials, the person must do so unassisted by the governmental body. In making copies, the member of the public assumes the duty of compliance with the copyright law and the risk of a copyright infringement suit.

In summary, if the employee whose information is at issue timely requested confidentiality under section 552.024 of the Government Code and the cellular telephone service is not paid for by a governmental body, CPS Energy must withhold the cellular telephone number we marked under section 552.117(a)(1) of the Government Code. CPS Energy must withhold Exhibits A and B under section 552.133 of the Government Code. CPS Energy must withhold the insurance policy numbers in the remaining information under section 552.136 of the Government Code. CPS Energy must release the remaining information; however, any information subject to copyright may only be released in accordance with copyright law.

⁴ As our ruling is dispositive, we need not address the remaining arguments against disclosure of this information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at <https://www.texasattorneygeneral.gov/open-government/members-public/what-expect-after-ruling-issued> or call the OAG's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Public Information Act may be directed to the Cost Rules Administrator of the OAG, toll free, at (888) 672-6787.

Sincerely,

Ashley Crutchfield
Assistant Attorney General
Open Records Division
