Dear Ms. Brosig:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 826858.

The Edgewood Independent School District (the "district"), which you represent, received a request for information pertaining to a specified district campus and a specified plan related to that campus. You state the district released some information. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses section 21.355 of the Education Code, which provides, in relevant part, "[a] document evaluating the performance of a teacher or administrator is confidential[.]" Educ. Code § 21.355(a). The Third Court of Appeals has concluded a written reprimand constitutes an evaluation for purposes of section 21.355 because "it reflects the principal's judgment regarding [a teacher's] actions, gives corrective direction, and provides for further review." *Abbott v. North East Indep. Sch. Dist.*, 212 S.W.3d 364 (Tex. App.—Austin 2006, no pet.). This office has interpreted section 21.355 to apply to any document that evaluates, as that term is commonly understood, the performance of a teacher or administrator. *See* Open Records Decision No. 643 (1996). In Open Records Decision No. 643, we determined for purposes of section 21.355, the word "teacher" means a person who is required to, and does in fact, hold a teaching certificate under subchapter B of chapter 21 of the Education Code and who is in

the process of teaching, as that term is commonly defined, at the time of the evaluation. *See id.* at 4.

You assert the submitted information consists of confidential evaluations of teachers by the district. You inform us the individuals at issue held the appropriate certification and were engaged in the process of teaching at the time of the evaluations. *See id.* Based on these representations and our review, we find the district must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 21.355 of the Education Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
