Re: Two Requests for information pertaining to a specified motor vehicle accident;  
(Reference Nos. P008279-042710 and P008212-042220).

Dear Ms. Ortiz:

The Office of the Attorney General has received your request for a ruling and assigned your request ID# 834667.

After reviewing your arguments and the submitted information, we have determined your request does not present a novel or complex issue. Thus, we are addressing your claims in a memorandum opinion. Initially, we note the first requestor only seeks video recordings. Accordingly, only the submitted video recordings are responsive to the first request. This ruling does not address the public availability of any information that is not responsive to the first request and you are not required to release such information to the first requestor. Next, we note the second requestor does not give the requisite information under section 1701.661(a) of the Occupations Code. As the second requestor did not properly request the body worn camera recording(s) at issue pursuant to chapter 1701, our ruling does not reach this information and it need not be released. You claim the submitted information may be withheld from the requestors pursuant to section 552.108(a)(1) of the Government Code. Upon review of your arguments and the submitted information, we conclude you may withhold the submitted information under section 552.108(a)(1). However, you must release the basic information to the second requestor pursuant to section 552.108(c) of the Government Code.

For more information on the cited exception, please refer to the open government information on our website at <https://www.texasattorneygeneral.gov/open-government/governmental-bodies/open-records-memorandum-rulings>. You may also contact our Open Government Hotline at 1-877-OPENTEX.
