

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

August 3, 2020

Ms. Erin Ham
Deputy City Clerk
City of Wichita Falls
P.O. Box 1431
Wichita Falls, Texas 76307

OR2020-19277

Dear Ms. Ham:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 837978 (City ID# 496).

The City of Wichita Falls (the "city") received a request for specified information about backup generators. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from public disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This exception encompasses information that is made confidential by other statutes. The city raises section 552.101 in conjunction with section 418.181 of the Texas Homeland Security Act (the "HSA"), chapter 418 of the Government Code. Sections 418.176 through 418.182 were added to chapter 418 as part of the HSA. These provisions make certain information related to terrorism confidential. Section 418.181 provides:

Those documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism.

Id. § 418.181. The fact that information may be related to a governmental body's security concerns does not make such information per se confidential under the HSA. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope

of its protection). Furthermore, the mere recitation by a governmental body of a statute's key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting one of the confidentiality provisions of the HSA must adequately explain how the responsive records fall within the scope of the claimed provision. *See* Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You state the submitted information identifies details pertaining to the city's electrical systems. You assert, and we agree, the city's electrical systems are critical infrastructure for purposes of section 418.181. *See generally id.* § 421.001 (defining "critical infrastructure" to include "all public or private assets, systems, and functions vital to the security, governance, public health and safety, economy, or morale of the state or the nation"). You indicate release of the information at issue could provide a potential terrorist or other criminal actor with details regarding the city's electrical system, which could be used to damage the city's critical infrastructure. Based on your representations and our review, we find you have demonstrated the release of the submitted information would identify the technical details or particular vulnerabilities of the city's critical infrastructure to an act of terrorism. Accordingly, the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
