

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

August 10, 2020

Mr. Ronn P. Garcia
Counsel for the Frenship Independent School District
Underwood Law
P.O. Box 16197
Lubbock, Texas 79490

OR2020-19952

Dear Mr. Garcia:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 839017.

Frenship Independent School District (the "district"), which you represent, received a request for specified information pertaining to a specified request for proposals. Although you take no position as to whether the submitted information is excepted under the Act, you state release of this information may implicate the proprietary interests of Aramark and Southwest Food Excellence ("Southwest"). Accordingly, you state, and provide documentation showing, you notified Aramark and Southwest of the request for information and of their right to submit arguments to this office as to why the information at issue should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have received arguments from Southwest. We have considered the submitted arguments and reviewed the submitted information.

We note an interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) of the Government Code to submit its reasons, if any, as to why information relating to that party should be withheld from public disclosure. *See* Gov't Code § 552.305(d)(2)(B). As of the date of this letter, we have not received comments from Aramark explaining why the submitted information should not be released. Therefore, we have no basis to conclude Aramark has a protected proprietary interest in the submitted information. *See, e.g., id.* § 552.110 (requiring the provision of specific factual evidence demonstrating the applicability of the exception).

Accordingly, the district may not withhold any portion of the submitted information related to Aramark on the basis of any proprietary interest it may have in the information.

Southwest raises section 552.104 of the Government Code for a portion of its information. Section 552.104 excepts from disclosure information “if a *governmental body* demonstrates that release of the information would harm its interests by providing an advantage to a competitor or bidder in a particular ongoing competitive situation or in a particular competitive situation where the governmental body establishes the situation at issue is set to reoccur or there is a specific and demonstrable intent to enter into the competitive situation again in the future.” *Id.* § 552.104(a) (emphasis added). In *Boeing Co. v. Paxton*, 466 S.W.3d 831 (Tex. 2015), the Texas Supreme Court held section 552.104 does not preclude third parties from raising section 552.104 as an exception to disclosure. *See Boeing*, 466 S.W.3d at 842. However, the Eighty-sixth Legislature has amended section 552.104 since the issuance of *Boeing*. *See* Act of May 25, 2019, 86th Leg., R.S., S.B. 943, § 3. Section 552.104 now expressly limits the protections of section 552.104 to governmental bodies. Gov’t Code 552.104(a). Therefore, we do not address Southwest’s arguments under section 552.104 of the Government Code.

Section 552.110(b) of the Government Code states “information is [excepted from required disclosure] if it is demonstrated based on specific factual evidence that the information is a trade secret.” *See id.* § 552.110(b). Section 552.110(a) defines a trade secret as all forms and types of information if:

- (1) the owner of the trade secret has taken reasonable measures under the circumstances to keep the information secret; and
- (2) the information derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable through proper means by, another person who can obtain economic value from the disclosure or use of the information.

Id. § 552.110(a). Southwest argues some of its information consists of trade secrets subject to section 552.110(b). Upon review, we find Southwest has demonstrated portions of the information at issue constitute trade secrets. Accordingly, the district must withhold the information we marked under section 552.110(b) of the Government Code. However, we find Southwest has failed to provide specific factual evidence demonstrating any portion of the remaining information at issue is a trade secret. Therefore, the district may not withhold any of the remaining information at issue under section 552.110(b) of the Government Code.

However, we note the remaining information contains insurance policy numbers. Section 552.136(b) of the Government Code states “[n]otwithstanding any other provision of [the Act], a credit card, debit card, charge card, or access device number that is collected, assembled, or maintained by or for a governmental body is confidential.”¹ *Id.* § 552.136(b);

¹ The Office of the Attorney General will raise a mandatory exception on behalf of a governmental body but ordinarily will not raise other exceptions. *See* Open Records Decision Nos. 481 (1987), 480 (1987), 470 (1987).

see id. § 552.136(a) (defining “access device”). This office has concluded insurance policy numbers constitute access device numbers for purposes of section 552.136. *See* Open Records Decision No. 684 at 9 (2009). Thus, the district must withhold the insurance policy numbers in the remaining information under section 552.136 of the Government Code.

We note some of the remaining information appears to be protected by copyright. A custodian of public records must comply with the copyright law and is not required to furnish copies of records that are copyrighted. Open Records Decision No. 180 at 3 (1977). A governmental body must allow inspection of copyrighted materials unless an exception applies to the information. *Id.*; *see* Open Records Decision No. 109 (1975). If a member of the public wishes to make copies of copyrighted materials, the person must do so unassisted by the governmental body. In making copies, the member of the public assumes the duty of compliance with the copyright law and the risk of a copyright infringement suit.

In summary, the district must withhold the information we marked under section 552.110(b) of the Government Code. The district must withhold the insurance policy numbers in the remaining information. The district must release the remaining information; however, any information subject to copyright may only be released in accordance with copyright law.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
