Mr. L. Brian Narvaez
Attorney for the City of McKinney
Brown & Hofmeister, LLP
740 East Campbell Road, Suite 800
Richardson, Texas 75081

OR2020-22280

Dear Mr. Narvaez:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 846674 (Ref. No. P015572).

The City of McKinney (the "city"), which you represent, received a request for information pertaining to a specified incident. You state you have released some information to the requestor. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This exception encompasses information made confidential by other statutes, including section 773.091 of the Health and Safety Code. Section 773.091 is applicable to records of the provision of emergency medical services ("EMS") and provides, in part:

(b) Records of the identity, evaluation or treatment of a patient by emergency medical services personnel or by a physician providing medical supervision that are created by the emergency medical services personnel or physician or maintained by an emergency medical services provider are confidential and privileged and may not be disclosed except as provided by this chapter.

(c) Any person who receives information from confidential communications or records as described by this chapter, other than a person listed in Section 773.092 who is acting on the survivor's behalf, may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was obtained.

...

(g) The privilege of confidentiality under this section does not extend to information regarding the presence, nature of injury or illness, age, sex, occupation, and city of residence of a patient who is receiving emergency medical services.

Health & Safety Code § 773.091(b)-(c), (g). You contend the submitted information is confidential under section 773.091. We note the submitted information concerns an individual who was determined to be deceased at the scene of the incident. The term "patient" is not defined for the purposes of section 773.091 of the Health and Safety Code. When a word used in a statute is not defined and that word is "connected with and used with reference to a particular trade or subject matter or is used as a word of art, the word shall have the meaning given by experts in the particular trade, subject matter, or art." Gov't Code § 312.002; *see also Liberty Mut. Ins. Co. v. Garrison Contractors, Inc.*, 966 S.W.2d 482, 485 (Tex. 1998). Taber's Cyclopedic Medical Dictionary defines "patient" as "one who is sick with, or being treated for, an illness or injury; [or] . . . an individual receiving medical care." Taber's Cyclopedic Medical Dictionary 1446 (17th ed. 1989). We also note that other statutes dealing with medically related professions generally define patient as an individual who consults a health care professional. *See* Health & Safety Code § 611.001 (mental health records); Occ. Code §§ 159.001 (physician records), 201.401 (chiropractic records), 202.401 (podiatric records), 258.101 (dental records). Thus, because the generally accepted medical definition of patient indicates the term refers to a living individual, we find the term does not encompass the submitted EMS information that concerns the deceased individual. Accordingly, the information at issue is not subject to section 773.091 of the Health and Safety Code and may not be withheld under section 552.101 on that basis. The city must release the submitted information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
