Ms. Nena Chima-Tetteh
Assistant City Attorney
Arlington Police Department
P.O. Box 1065
Arlington, Texas 76004-1065

OR2020-22446

Dear Ms. Chima-Tetteh:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 844884 (ORR# R101789).

The Arlington Police Department (the "department") received a request for information related to a specified car crash. The department states it is releasing some of the requested information. The department claims the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception the department claims and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. The submitted information consists of a video recording from the body worn video camera of a police officer of the department's police department (the "department"). Body worn cameras are subject to chapter 1701 of the Occupations Code. Chapter 1701 provides the procedures a requestor must follow when seeking a body worn camera recording. Section 1701.661(a) provides:

A member of the public is required to provide the following information when submitting a written request to a law enforcement agency for information recorded by a body worn camera:

- (1) the date and approximate time of the recording;
- (2) the specific location where the recording occurred; and

(3) the name of one or more persons known to be a subject of the recording.

Occ. Code § 1701.661(a). Upon review, we find the requestor provided the information required by section 1701.661(a) of the Occupations Code for release of the body worn camera recording. However, section 1701.661(f) provides, in relevant part:

A law enforcement agency may not release any portion of a recording made in a private space . . . without written authorization from the person who is the subject of that portion of the recording or, if the person is deceased, from the person's authorized representative.

Id. § 1701.661(f). The submitted body worn camera recording was made in a private space. *See id.* § 1701.651(3) (defining "private space" for purposes of section 1701.661 (f)). The department states it does not have written authorization for release of the recording from all of the subjects of the recording. *See id.* § 1701.661(f). Accordingly, the department must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 1701.661(f) of the Occupations Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
