Dear Ms. Jimenez:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 841361 (ORR No. 20SO6002012).

The Harris County Sheriff's Office (the "sheriff's office") received a request for information related to inmate populations, inmate deaths, COVID-19 cases, and medical or mental health services at the county jail for two specified years. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This exception encompasses information that other statutes make confidential. You claim the submitted information is protected under the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), 42 U.S.C. §§ 1320d-1320d-8. At the direction of Congress, the Secretary of Health and Human Services ("HHS") promulgated regulations setting privacy standards for medical records, which HHS issued as the Federal Standards for Privacy of Individually Identifiable Health Information. *See* Health Insurance Portability and Accountability Act of 1996, 42 U.S.C. § 1320d-2 (Supp. IV 1998) (historical & statutory note); Standards for Privacy of Individually Identifiable Health Information, 45 C.F.R. pts. 160, 164 ("Privacy Rule"); *see also* Attorney General Opinion JC-0508 at 2 (2002). These standards govern the releasability of protected health information by a covered entity. *See* 45 C.F.R. pts. 160, 164. Under these standards, a covered entity may not use or disclose protected health information, except as provided by parts 160 and 164 of the Code of Federal Regulations. *Id.* § 164.502(a).

This office addressed the interplay of the Privacy Rule and the Act in Open Records Decision No. 681 (2004). In that decision, we noted section 164.512 of title 45 of the Code of Federal Regulations provides that a covered entity may use or disclose protected health information to the extent such use or disclosure is required by law and the use or disclosure complies with, and is limited to, the relevant requirements of such law. *See id.* § 164.512(a)(1). We further noted the Act “is a mandate in Texas law that compels Texas governmental bodies to disclose information to the public.” *See* ORD 681 at 8; *see also* Gov’t Code §§ 552.002, .003, .021. We, therefore, held that the disclosures under the Act come within section 164.512(a). Consequently, the Privacy Rule does not make information confidential for the purpose of section 552.101 of the Government Code. *See Abbott v. Tex. Dep’t of Mental Health & Mental Retardation*, 212 S.W.3d 648 (Tex. App.—Austin 2006, no pet.); ORD 681 at 9; *see also* Open Records Decision No. 478 (1987) (as general rule, statutory confidentiality requires express language making information confidential). Because the Privacy Rule does not make information that is subject to disclosure under the Act confidential, the sheriff’s office may not withhold any portion of the submitted information on this basis.

Section 552.101 of the Government Code also encompasses information made confidential by section 81.046 of the Health and Safety Code, which provides, in part:

(a) Reports, records, and information received from any source, including from a federal agency or from another state, furnished to a public health district, a health authority, a local health department, or the [Texas Department of State Health Services] that relate to cases or suspected cases of diseases or health conditions are confidential and may be used only for the purposes of this chapter.

(b) Reports, records, and information relating to cases or suspected cases of diseases or health conditions are not public information under [the Act], and may not be released or made public on subpoena or otherwise except as provided by Subsections (c), (c-1), (d), and (f).

Health & Safety Code § 81.046(a), (b). In Open Records Decision No. 577 (1990), this office concluded any information acquired or created during an investigation under chapter 81 of the Health and Safety Code is confidential and may not be released unless an exception in the statute applies. *See* ORD 577; Health & Safety Code § 81.046(b)-(d), (f). Upon review, we find some of the information at issue consists of records and information relating to cases or suspected cases of COVID-19. None of the release provisions of section 81.046 are applicable. Accordingly, the sheriff’s office must withhold the information we indicated under section 552.101 of the Government Code in conjunction with section 81.046(b) of the Health and Safety Code. However, upon review, we find the sheriff’s office has failed to establish any portion of the remaining information is confidential under section 81.046 of the Health and Safety Code. Accordingly, the sheriff’s office may not withhold any of the remaining information under section 552.101 of the Government Code on that ground. As no other exceptions to disclosure are raised, the sheriff’s office must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
