Metropolitan Transit Authority of Harris County

OR2020-22805

Dear Ms. Hojem:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 843295 (MTA No. 2020-0497).

The Metropolitan Transit Authority of Harris County (the "authority") received a request for information pertaining to a specified motor vehicle accident involving the requestor's client. You state the authority released some information to the requestor. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we note the submitted information includes a police officer's body worn camera recording. Body worn cameras are subject to chapter 1701 of the Occupations Code. Chapter 1701 provides the procedures a requestor must follow when seeking a body worn camera recording. Section 1701.661 provides, in relevant part, the following:

(a) A member of the public is required to provide the following information when submitting a written request to a law enforcement agency for information recorded by a body worn camera:

- (1) the date and approximate time of the recording;
- (2) the specific location where the recording occurred; and
- (3) the name of one or more persons known to be a subject of the recording.

Occ. Code § 1701.661(a). In this instance, the requestor does not provide the requisite information under section 1701.661(a). As the body worn camera recording at issue was not properly requested pursuant to chapter 1701 of the Occupations Code, our ruling does not reach this information and it need not be released.<sup>1</sup> However, pursuant to section 1701.661(b), a “failure to provide all the information required by [s]ubsection (a) to be part of a request for recorded information does not preclude the requestor from making a future request for the same recorded information.” *Id.* § 1701.661(b).

Section 552.101 of the Government Code excepts from disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov’t Code § 552.101. This section encompasses information protected by other statutes. In addition, a federal regulation enacted pursuant to statutory authority can provide statutory confidentiality for purposes of section 552.101 of the Act. *See* Open Records Decision No. 599 at 4 (1992). Section 40.321 of title 49 of the Code of Federal Regulations relates to the confidentiality of workplace drug and alcohol testing information of employers participating in the United States Department of Transportation (“DOT”) drug or alcohol testing process. *See* 49 C.F.R. pt. 40 (procedures for transportation workplace drug and alcohol testing programs). Section 322 of title 49 of the United States Code authorizes the Secretary of Transportation (the “secretary”) to prescribe regulations necessary to carry out the duties and powers of the secretary. *See* 49 U.S.C. § 322. Section 40.321 of title 49 of the Code of Federal Regulations provides as follows:

Except as otherwise provided in this subpart, as a service agent or employer participating in the DOT drug or alcohol testing process, you are prohibited from releasing individual test results or medical information about an employee to third parties without the employee’s specific written consent.

(a) A “third party” is any person or organization to whom other subparts of this regulation do not explicitly authorize or require the transmission of information in the course of the drug or alcohol testing process.

(b) “Specific written consent” means a statement signed by the employee that he or she agrees to the release of a particular piece of information to a particular, explicitly identified, person or organization at a particular time. “Blanket releases,” in which an employee agrees to a release of a category of information (e.g., all test results) or to release information to a category of parties (e.g., other employers who are members of a C/TPA, companies to which the employee may apply for employment), are prohibited under this part.

49 C.F.R. § 40.321. The authority states the remaining information consists of the drug and alcohol test results of an authority employee that are confidential under section 40.321.

---

<sup>1</sup> As we are able to make this determination, we need not address your argument against disclosure of this information.

The authority further states it maintains the information pursuant to section 40.321 of title 49 of the Code of Federal Regulations. The authority states no written consent has been given with respect to disclosure of the information in question. *See id.* § 40.321(b). Based upon these representations and our review, we conclude the authority must withhold the remaining information under section 552.101 of the Government Code in conjunction with section 322 of title 49 of the United States Code and section 40.321 of title 49 of the Code of Federal Regulations.

In summary, the submitted body worn camera recording was not properly requested pursuant to chapter 1701 of the Occupations Code and it need not be released. The authority must withhold the remaining information under section 552.101 of the Government Code in conjunction with section 322 of title 49 of the United States Code and section 40.321 of title 49 of the Code of Federal Regulations.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
