Ms. Angela Hough
Assistant General Counsel
North Texas Tollway Authority
P.O. Box 260729

OR2020-23331

Dear Ms. Hough:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 845185 (File No. 2020-1512).

The North Texas Tollway Authority (the "authority") received a request for information pertaining to a specified bid. You claim the submitted information is excepted from disclosure under sections 552.101 and 552.104 of the Government Code. Additionally, the authority states release of the submitted information may implicate the proprietary interests of Keystone Plastic; Kinloch Equipment; and Old Dominion Brush. Accordingly, you state, and provide documentation showing, you notified each third party of the request for information and of the right to submit arguments to this office as to why the submitted information should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have considered the exceptions you claim and reviewed the submitted information.

Section 552.104(a) of the Government Code excepts from disclosure information that a governmental body demonstrates, if released, would "harm its interests by providing an advantage to a competitor or bidder in a particular ongoing competitive situation or in a particular competitive situation where the governmental body establishes the situation at issue is set to reoccur or there is a specific and demonstrable intent to enter into the competitive situation again in the future." Gov't Code § 552.104(a). The "test under section 552.104 is whether knowing another bidder's [or competitor's information] would be an advantage, not whether it would be a decisive advantage." *Boeing Co. v. Paxton*, 466

S.W.3d 831, 841 (Tex. 2015). After review of the information at issue and consideration of the arguments, we find the authority has established the release of the information at issue would harm its interests by providing an advantage to a competitor or bidder in a particular ongoing competitive situation. Thus, we conclude the authority may withhold the submitted information under section 552.104(a) of the Government Code.¹

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
