Ms. Sarah Parker

Texas Department of Transportation

OR2020-24590

Dear Ms. Parker:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 846006.

The Texas Department of Transportation (the "department") received a request for all proposals submitted for a specified solicitation. Although the department takes no position as to whether the submitted information is excepted under the Act, the department states release of the submitted information may implicate the proprietary interests of AMEC Foster Wheeler Environmental & Infrastructure, Inc.; Lynn Clark Associates, Inc. d/b/a LCA Environmental, Inc. ("LCA"); Professional Service Industries, Inc.; Raba Kistner, Inc.; and TRC Environmental Corporation. Accordingly, you state, and provide documentation showing, the department notified the third parties of the request for information and of their right to submit arguments to this office as to why the submitted information should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have received comments from LCA. We have reviewed the submitted information and considered the submitted arguments.

An interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) to submit its reasons, if any, as to why information relating to that party should be withheld from public disclosure. *See* Gov't Code § 552.305(d)(2)(B). As of the date of this letter, we have not received comments from any of the remaining third parties explaining why the submitted information should not be released. Therefore, we have no basis to conclude any of the remaining third parties have protected proprietary interests in the submitted information. *See, e.g., id.* § 552.110 (requiring the provision of specific factual evidence demonstrating the applicability of the exception). Accordingly, the department may not withhold the submitted information on

the basis of any proprietary interest any of the remaining third parties may have in the information.

LCA raises section 552.104 of the Government Code for its information. Section 552.104 excepts from disclosure information “if a *governmental body* demonstrates that release of the information would harm its interests by providing an advantage to a competitor or bidder in a particular ongoing competitive situation or in a particular competitive situation where the governmental body establishes the situation at issue is set to reoccur or there is a specific and demonstrable intent to enter into the competitive situation again in the future.” *Id.* § 552.104(a) (emphasis added). In *Boeing Co. v. Paxton*, 466 S.W.3d 831 (Tex. 2015), the Texas Supreme Court held section 552.104 does not preclude third parties from raising section 552.104 as an exception to disclosure. *See Boeing*, 466 S.W.3d at 842. However, the Eighty-sixth Legislature has amended section 552.104 since the issuance of *Boeing*. *See Act of May 25, 2019, 86th Leg., R.S., S.B. 943, § 3.* Section 552.104 now expressly limits the protections of section 552.104 to governmental bodies. Gov’t Code § 552.104(a). Therefore, we do not address LCA’s arguments under section 552.104 of the Government Code. As no further exceptions to disclosure have been raised, the department must release the submitted information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
