Dear Ms. Lary:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 850525.

The Fort Bend County Sheriff's Office (the "sheriff's office") received a request for (1) all charitable contributions to and from the sheriff's office during a defined period of time, (2) percentage of case closures, (3) call response times per neighborhood, (4) hiring and promotion practices in regards to diversity, (5) all correspondence to or from a named official regarding body worn cameras during a defined period of time, and (6) all correspondence related to COVID-19 during a specified time period.<sup>1</sup> You state the sheriff's office released information responsive to categories one, two, and four to the requestor. You also state the sheriff's office will release information responsive to categories five and six upon payment of a cost estimate.<sup>2</sup> You claim the submitted

<sup>1</sup> You state, and provide documentation demonstrating, the sheriff's office sought and received clarification of the information requested. *See* Gov't Code § 552.222(b) (governmental body may communicate with requestor for purposes of clarifying or narrowing request); *see also* *City of Dallas v. Abbott*, 304 S.W.3d 380, 387 (Tex. 2010) (holding that when governmental entity, acting in good faith, requests clarification or narrowing of unclear or overbroad request for public information, ten-day period to request attorney general ruling is measured from date request is clarified or narrowed).

<sup>2</sup> You state the sheriff's office sent the requestor a cost estimate of charges pursuant to section 552.2615 of the Government Code. *See* Gov't Code § 552.2615. The estimate of charges required the requestor to provide a deposit for payment of anticipated costs under section 552.263 of the Government Code. *See id.* § 552.263(a).

information is excepted from disclosure under section 552.108 of the Government Code. We have considered the claimed exception and reviewed the submitted information.

Section 552.108(b)(1) of the Government Code excepts from disclosure the internal records and notations of law enforcement agencies and prosecutors when their release would interfere with law enforcement and crime prevention. *See* Gov't Code § 552.108(b)(1); *see also* Open Records Decision No. 531 at 2 (1989) (quoting *Ex parte Pruitt*, 551 S.W.2d 706 (Tex. 1977)). Section 552.108(b)(1) is intended to protect “information which, if released, would permit private citizens to anticipate weaknesses in a police department, avoid detection, jeopardize officer safety, and generally undermine police efforts to effectuate the laws of this State.” *See City of Fort Worth v. Cornyn*, 86 S.W.3d 320, 327 (Tex. App.—Austin 2002, no pet.). To prevail on its claim that subsection 552.108(b)(1) excepts information from disclosure, a governmental body must do more than merely make a conclusory assertion that releasing the information would interfere with law enforcement. Instead, the governmental body must meet its burden of explaining how and why release of the requested information would interfere with law enforcement and crime prevention. *See* Open Records Decision No. 562 at 10 (1990) (construing statutory predecessor). This office has concluded section 552.108(b)(1) excepts from public disclosure information relating to the security or operation of a law enforcement agency. *See, e.g.*, Open Records Decision Nos. 531 (release of detailed use of force guidelines would unduly interfere with law enforcement), 252 (1980) (section 552.108 of the Government Code is designed to protect investigative techniques and procedures used in law enforcement), 143 (1976) (disclosure of specific operations or specialized equipment directly related to investigation or detection of crime may be excepted). Section 552.108(b)(1) is not applicable, however, to generally known policies and procedures. *See, e.g.*, ORDs 531 at 2-3 (Penal Code provisions, common law rules, and constitutional limitations on use of force not protected), 252 at 3 (governmental body failed to indicate why investigative procedures and techniques requested were any different from those commonly known).

You state the information at issue relates to law enforcement response times to calls for service in various districts. You assert release of the submitted information “could jeopardize public safety and overall law enforcement by helping criminals identify vulnerable areas and allowing them to adjust times and locations of activities accordingly.” Based upon your representations and our review, we agree the release of the submitted information would interfere with law enforcement. Accordingly, the sheriff’s office may withhold the submitted information under section 552.108(b)(1) of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
