ATTORNEY GENERAL OF TEXAS

Ms. Amanda Bigbee
General Counsel
Keller Independent School District
350 Keller Parkway
Keller, Texas 76248

OR2020-27047

Dear Ms. Bigbee:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 850923 (PIR0001606).

The Keller Independent School District (the "district") received a request for all bidder responses for a specified bid. The district claims the submitted information is excepted from disclosure under section 552.104 of the Government Code. Additionally, you state release of this information may implicate the proprietary interests of BearCom Operating LLC; Crosspoint; Darvid, Inc.; Digi Security Systems, LLC; DMI Technologies; Entech Sales & Services; Flores Technical Services; Logical Solutions, Inc.; and Network Cabling Services. Accordingly, you state, and provide documentation showing, you notified these third parties of the request for information and of their right to submit arguments to this office as to why the information at issue should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have considered the exception you claim and reviewed the submitted information.¹

We note an interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) of the Government Code to submit its reasons, if any, as to why information relating to that party should be withheld from public disclosure. *See* Gov't Code § 552.305(d)(2)(B). As of the date of this letter,

¹ We note the submitted information includes information pertaining to the requestor's company. As we assume the requestor does not seek access to the requestor's own information, we do not address the public availability of that information.

we have not received comments from the notified third parties explaining why the submitted information should not be released. Therefore, we have no basis to conclude those third parties have protected proprietary interests in the submitted information. *See, e.g., id.* § 552.110 (requiring the provision of specific factual evidence demonstrating the applicability of the exception). Accordingly, the district may not withhold any portion of the submitted information related to those third parties on the basis of any proprietary interest they may have in the information.

Section 552.104(a) of the Government Code excepts from disclosure information that a governmental body demonstrates, if released, would “harm its interests by providing an advantage to a competitor or bidder in a particular ongoing competitive situation or in a particular competitive situation where the governmental body establishes the situation at issue is set to reoccur or there is a specific and demonstrable intent to enter into the competitive situation again in the future.” Gov’t Code § 552.104(a). The “test under section 552.104 is whether knowing another bidder’s [or competitor’s information] would be an advantage, not whether it would be a decisive advantage.” *Boeing Co. v. Paxton*, 466 S.W.3d 831, 841 (Tex. 2015). After review of the information at issue and consideration of the arguments, we find the district has failed to demonstrate the applicability of section 552.104 to the information at issue. Thus, we conclude the district may not withhold the information at issue under section 552.104(a) of the Government Code.

Section 552.136(b) of the Government Code states “[n]otwithstanding any other provision of [the Act], a credit card, debit card, charge card, or access device number that is collected, assembled, or maintained by or for a governmental body is confidential.”² Gov’t Code § 552.136(b); *see id.* § 552.136(a) (defining “access device”). This office has concluded insurance policy numbers constitute access device numbers for purposes of section 552.136. *See* Open Records Decision No. 684 at 9 (2009). Thus, the district must withhold the insurance policy numbers in the submitted information under section 552.136 of the Government Code.

We note some of the remaining information appears to be protected by copyright. A custodian of public records must comply with the copyright law and is not required to furnish copies of records that are copyrighted. Open Records Decision No. 180 at 3 (1977). A governmental body must allow inspection of copyrighted materials unless an exception applies to the information. *Id.*; *see* Open Records Decision No. 109 (1975). If a member of the public wishes to make copies of copyrighted materials, the person must do so unassisted by the governmental body. In making copies, the member of the public assumes the duty of compliance with the copyright law and the risk of a copyright infringement suit.

In summary, the district must withhold the insurance policy numbers in the submitted information under section 552.136 of the Government Code. The district must release the remaining information; however, any information subject to copyright may only be released in accordance with copyright law.

² The Office of the Attorney General will raise a mandatory exception on behalf of a governmental body but ordinarily will not raise other exceptions. *See* Open Records Decision Nos. 481 (1987), 480 (1987), 470 (1987).

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
