

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

October 28, 2020

Ms. Rachel Saucier
Executive Assistant
City of Georgetown
P.O. Box 409
Georgetown, Texas 78627-0409

OR2020-27082

Dear Ms. Saucier:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 850822 (Ref. no. G011294-080820).

The City of Georgetown (the "city") received a request for a specified police report and related video recordings. You state the city released some of the requested information. You claim some of the submitted information was not properly requested pursuant to section 1701.661 of the Occupations Code. You also claim some of the submitted information is excepted from disclosure under sections 552.101 and 552.130 of the Government Code. We have considered the submitted arguments and reviewed the submitted representative sample of information.¹

Initially, we note some of the submitted information is not responsive to the present request because it does not consist of the requested report or video recordings. This ruling does not address the public availability of the non-responsive information, which we indicated, and the city need not release it in response to this request.

Next, we note the responsive information includes city police officer's body worn camera recording. Body worn cameras are subject to chapter 1701 of the Occupations Code. Chapter 1701 provides the procedures a requestor must follow when seeking a body worn camera recording. Section 1701.661(a) provides:

¹ We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

A member of the public is required to provide the following information when submitting a written request to a law enforcement agency for information recorded by a body worn camera:

- (1) the date and approximate time of the recording;
- (2) the specific location where the recording occurred; and
- (3) the name of one or more persons known to be a subject of the recording.

Occ. Code § 1701.661(a). In this instance, the requestor does not give the requisite information under section 1701.661(a). As the requestor did not properly request the body worn camera recording at issue pursuant to chapter 1701 of the Occupations Code, our ruling does not reach this information and it need not be released.² However, pursuant to section 1701.661(b), a “failure to provide all the information required by Subsection (a) to be part of a request for recorded information does not preclude the requestor from making a future request for the same recorded information.” *Id.* § 1701.661(b).

Section 552.130 of the Government Code provides information relating to a motor vehicle operator's or driver's license or permit, a motor vehicle title or registration, or a personal identification document issued by an agency of Texas or another state or country is excepted from public release. Gov't Code § 552.130(a). Upon review, we find the some of the remaining video recordings contain information subject to section 552.130. You state the city does not have the technological capability to redact the motor vehicle record information from the recordings. Accordingly, the city must withhold the recordings we indicated in their entirety under section 552.130 of the Government Code.³ *See* Open Records Decision No. 364 (1983). However, you have failed to demonstrate any of the remaining information at issue is subject to section 552.130. Thus, the city may not withhold any of the remaining information at issue under section 552.130 of the Government Code.

Section 552.101 of the Government Code excepts from disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov't Code § 552.101. Section 552.101 encompasses section 418.182 of the Government Code, which was added to chapter 418 of the Government Code as part of the Texas Homeland Security Act. Section 418.182(a) of the Government Code provides in relevant part, “information . . . in the possession of a governmental entity that relates to the specifications, operating procedures, or location of a security system used to protect public or private property from an act of terrorism or related criminal activity is confidential.” *Id.* § 418.182(a). The fact that information may be related to a security system does not make the information *per se* confidential under section 418.182. *See* Open Records Decision No.

² As we are able to make this determination, we need not address your remaining arguments against disclosure of this information.

³ As our ruling is dispositive, we need not address your remaining argument against release of this information.

649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute's key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any confidentiality provision, a governmental body asserting section 418.182 must adequately explain how the responsive information falls within the scope of the statute. *See* Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

We understand the remaining responsive information consists of surveillance video recordings. You state the video recordings at issue "may reveal vulnerabilities in the surveillance system on private property by disclosing the camera's location and angles, video quality and clarity, and surveillance coverage and capabilities." Upon review, we find the recordings at issue relate to the specifications, operating procedures, or location of a security system used to protect public or private property from an act of terrorism or related criminal activity. *See Tex. Dep't of Pub. Safety v. Abbott*, 310 S.W.3d 670 (Tex. App.—Austin 2010, no pet.) (recorded images of Texas Department of Public Safety video taken from Capitol security cameras relate to specifications of security system used to protect public property from act of terrorism or related criminal activity). Accordingly, the city must withhold the remaining responsive information under section 552.101 of the Government Code in conjunction with section 418.182(a) of the Government Code.

In summary, as the requestor did not properly request the body worn camera recording at issue pursuant to chapter 1701 of the Occupations Code, our ruling does not reach this information and it need not be released. The city must withhold the recordings we indicated in their entirety under section 552.130 of the Government Code. The city must withhold the remaining responsive information under section 552.101 of the Government Code in conjunction with section 418.182(a) of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at <https://www.texasattorneygeneral.gov/open-government/members-public/what-expect-after-ruling-issued> or call the OAG's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Public Information Act may be directed to the Cost Rules Administrator of the OAG, toll free, at (888) 672-6787.

Sincerely,

Matthew Taylor
Assistant Attorney General
Open Records Division
