Dear Ms. Mares:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 856099.

The City of Little Elm (the "city"), which you represent, received a request for information pertaining to a specified animal. The city states it has released some of the requested information, but claims some of the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the claimed exception and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This exception encompasses section 826.0311 of the Health and Safety Code, which states, in part, the following:

- (a) Information that is contained in a municipal or county registry of dogs and cats under Section 826.031 that identifies or tends to identify the owner or an address, telephone number, or other personally identifying information of the owner of the registered dog or cat is confidential and not subject to disclosure under [the Act]. The information contained in the registry may not include the social security number or the driver's license number of the owner of the registered animal.
- (b) The information may be disclosed only to a governmental entity or a person that, under a contract with a governmental entity, provides animal

control services or animal registration services for the governmental entity for purposes related to the protection of public health and safety. A governmental entity or person that receives the information must maintain the confidentiality of the information, may not disclose the information under [the Act], and may not use the information for a purpose that does not directly relate to the protection of public health and safety.

Health & Safety Code § 826.0311(a), (b). Section 826.0311 applies only to information in the actual pet registry; it does not apply to the contents of other records, even though those documents may contain the same information as the pet registry. *See* Open Records Decision No. 658 at 4 (1998) (statutory confidentiality provision must be express, and confidentiality requirement will not be implied from statutory structure). The city states the information it has marked is maintained by the city as part of its pet registry. The exceptions in section 826.0311(b) of the Health and Safety Code do not appear to apply. Thus, the city must withhold the information it has marked under section 552.101 of the Government Code in conjunction with section 826.0311(a) of the Health and Safety Code. The city must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
