Dear Mr. Ray:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 857507.

The Hunt County Sheriff's Office (the "sheriff's office"), which you represent, received a request for information pertaining to a specified investigation. The sheriff's office claims the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the claimed exception and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. The sheriff's office raises section 552.101 in conjunction with the Health Insurance Portability and Accountability Act of 1996 for the information at issue. At the direction of Congress, the Secretary of Health and Human Services ("HHS") promulgated regulations setting privacy standards for medical records, which HHS issued as the Federal Standards for Privacy of Individually Identifiable Health Information. *See* 42 U.S.C. § 1320d-2 (Supp. IV 1998) (historical & statutory note); Standards for Privacy of Individually Identifiable Health Information, 45 C.F.R. Pts. 160, 164 ("Privacy Rule"); *see also* Attorney General Opinion JC-0508 at 2 (2002). These standards govern the releasability of protected health information by a covered entity. *See* 45 C.F.R. pts. 160, 164. Under these standards, a covered entity may not use or disclose protected health

information, excepted as provided by parts 160 and 164 of the Code of Federal Regulations. 45 C.F.R. § 164.502(a).

This office addressed the interplay of the Privacy Rule and the Act. Open Records Decision No. 681 (2004). In Open Records Decision No. 681, we noted section 164.512 of title 45 of the Code of Federal Regulations provides a covered entity may use or disclose protected health information to the extent such use or disclosure is required by law and the use or disclosure complies with and is limited to the relevant requirements of such law. *Id.*; see 45 C.F.R. § 164.512(a)(1). We further noted the Act “is a mandate in Texas law that compels Texas governmental bodies to disclose information to the public.” ORD 681 at 8; see also Gov’t Code §§ 552.002, .003, .021. Therefore, we held the disclosures under the Act come within section 164.512(a). Consequently, the Privacy Rule does not make information confidential for the purpose of section 552.101 of the Government Code. See *Abbott v. Tex. Dep’t of Mental Health & Mental Retardation*, 212 S.W.3d 648 (Tex. App.—Austin 2006, no pet.); ORD 681 at 9; see also Open Records Decision No. 478 at 2 (1987) (statutory confidentiality requires express language making information confidential). Because the Privacy Rule does not make confidential information that is subject to disclosure under the Act, the sheriff’s office may not withhold any of the information at issue under section 552.101 of the Government Code on that basis.

Section 552.101 of the Government Code encompasses the Medical Practice Act (the “MPA”), subtitle B of title 3 of the Occupations Code. See Occ. Code §§ 151.001-168.202. Section 159.002 of the MPA provides in relevant part the following:

- (a) A communication between a physician and a patient, relative to or in connection with any professional services as a physician to the patient, is confidential and privileged and may not be disclosed except as provided by this chapter.
- (b) A record of the identity, diagnosis, evaluation, or treatment of a patient by a physician that is created or maintained by a physician is confidential and privileged and may not be disclosed except as provided by this chapter.
- (c) A person who receives information from a confidential communication or record as described by this chapter, other than a person listed in Section 159.004 who is acting on the patient’s behalf, may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was first obtained.

Id. § 159.002(a)-(c). Information subject to the MPA includes both medical records and information obtained from those records. See *id.* §§ 159.002, .004. This office has concluded the protection afforded by section 159.002 extends only to records created by either a physician or someone under the supervision of a physician. See Open Records Decision Nos. 487 at 3-4 (1988), 370 at 2 (1983), 343 at 1 (1982). We note some of the information at issue, which we have marked, was created by a nurse. However, we are

unable to determine whether the nurse created this information under the supervision of a physician. Thus, we must rule conditionally. If the information we have marked was created under the supervision of a physician, then the sheriff's office must withhold this information under section 552.101 of the Government Code in conjunction with the MPA. If the information at issue was not created by a person acting under a physician's supervision, then this information is not confidential under the MPA and the sheriff's office may not withhold it under section 552.101 on that basis. The sheriff's office must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
