

**KEN PAXTON**  
ATTORNEY GENERAL OF TEXAS

December 23, 2020

Mr. Neal Falgoust  
Assistant City Attorney  
City of Austin  
P.O. Box 1088  
Austin, Texas 78767

OR2020-32220

Dear Mr. Falgoust:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 859524 (PIR# C081000).

The City of Austin (the "city") received a request for the names of the schools reporting clusters of a specified virus as indicated by a named official. The city claims the responsive information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception the city claims and reviewed the submitted representative sample of information.<sup>1</sup>

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information made confidential by other statutes, such as section 81.046 of the Health and Safety Code, which provides in part:

(a) Reports, records, and information received from any source, including from a federal agency or from another state, furnished to a public health district, a health authority, a local health department, or the [Texas Department of State Health Services] that relate to cases or suspected cases of diseases or health conditions are confidential and may be used only for the purposes of this chapter.

---

<sup>1</sup> We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

(b) Reports, records, and information relating to cases or suspected cases of diseases or health conditions are not public information under [the Act], and may not be released or made public on subpoena or otherwise except as provided by Subsections (c), (d), and (f).

Health & Safety Code § 81.046(a), (b). In Open Records Decision No. 577 (1990), this office concluded any information acquired or created during an investigation under chapter 81 of the Health and Safety Code is confidential and may not be released unless an exception set out in the statute applies. *See* ORD 577; Health & Safety Code § 81.046(b)-(d), (f). The city states the submitted information “concerns individuals who were placed in isolation facilities as part of the [c]ity’s effort to investigate and prevent the spread of COIVD-19” and is “in the custody of the [c]ity’s Homeland Security and Emergency Management Department, which operates the isolation facilities on behalf of Austin Public Health.” Based on the city’s representations and our review, we agree the submitted information is subject to section 81.046. The city states the release provisions of section 81.046 are not applicable. Thus, the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 81.046 of the Health and Safety Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
