Mr. William E. Conrad
Assistant City Attorney
City of Waco

P.O. Box 2570

OR2022-00461

Dear Mr. Conrad:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 924540 (LGL 21-126).

The Waco Police Department (the "department") received a request for information related to a specified incident involving the requestor. We understand the department does not maintain some of the requested information.¹ You state the department has released some information to the requestor. You claim some of the submitted information was not properly requested pursuant to section 1701.661(a) of the Occupations Code. You also claim some of the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered your arguments and reviewed the submitted representative sample of information.²

Initially, we note the submitted information includes a police officer's body worn camera

¹ The Act does not require a governmental body to create or release information that did not exist when a request for information was received. *See Econ. Opportunities Dev. Corp. v. Bustamante*, 562 S.W.2d 266, 267-68 (Tex. Civ. App.—San Antonio 1978, writ dismissed); Open Records Decision Nos. 605 at 2 (1992), 563 at 8 (1990), 555 at 1-2 (1990), 452 at 3 (1986), 362 at 2 (1983).

² We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

recording. Body worn cameras are subject to chapter 1701 of the Occupations Code. Chapter 1701 provides the procedures a requestor must follow when seeking a body worn camera recording. Section 1701.661 provides, in relevant part, the following:

(a) A member of the public is required to provide the following information when submitting a written request to a law enforcement agency for information recorded by a body worn camera:

- (1) the date and approximate time of the recording;
- (2) the specific location where the recording occurred; and
- (3) the name of one or more persons known to be a subject of the recording.

Occ. Code § 1701.661(a). In this instance, the requestor does not provide the requisite information under section 1701.661(a). As the body worn camera recording at issue was not properly requested pursuant to chapter 1701 of the Occupations Code, our ruling does not reach this information and it need not be released. However, pursuant to section 1701.661(b), a “failure to provide all the information required by [s]ubsection (a) to be part of a request for recorded information does not preclude the requestor from making a future request for the same recorded information.” *Id.* § 1701.661(b).

Section 552.101 of the Government Code excepts from disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov’t Code § 552.101. Section 552.101 encompasses information that is made confidential by other statutes. You raise section 552.101 in conjunction with section 418.176 of the Texas Homeland Security Act (the “HSA”), chapter 418 of the Government Code. Sections 418.176 through 418.182 were added to chapter 418 as part of the HSA. These provisions make certain information related to terrorism confidential. Section 418.176 of the HSA provides in relevant part:

(a) Information is confidential if the information is collected, assembled, or maintained by or for a governmental entity for the purpose of preventing, detecting, responding to, or investigating an act of terrorism or related criminal activity and:

- (1) relates to the staffing requirements of an emergency response provider, including a law enforcement agency, a fire-fighting agency, or an emergency services agency;
- (2) relates to a tactical plan of the provider; or
- (3) consists of a list or compilation of pager or telephone numbers, including mobile and cellular telephone numbers of the provider.

Id. § 418.176(a). The fact that information may relate to a governmental body's security concerns does not make the information *per se* confidential under the HSA. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute's key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting one of the confidentiality provisions of the HSA must adequately explain how the responsive records fall within the scope of the claimed provision. *See* Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You explain a portion of the remaining information, which you marked, discloses the staffing and tactical plans of undercover officers investigating criminal activity. Upon review, we find the information at issue relates to staffing requirements of a law enforcement agency and is maintained by or for a governmental entity for the purpose of preventing, detecting, responding to, or investigating an act of terrorism or related criminal activity. Therefore, the department must withhold the information you marked under section 552.101 of the Government Code in conjunction with section 418.176 of the Government Code.

In summary, as the body worn camera recording at issue was not properly requested pursuant to chapter 1701 of the Occupations Code, our ruling does not reach this information and it need not be released. The department must withhold the information you marked under section 552.101 of the Government Code in conjunction with section 418.176 of the Government Code. The department must release the remaining information.³

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. ³ We note the information being released contains information to which the requestor has a right of access under section 552.023 of the Government Code. *See* Gov't Code § 552.023(a) (governmental body may not deny access to person to whom information relates or person's agent on ground that information is considered confidential by privacy principles); Open Records Decision No. 481 at 4 (1987) (privacy theories not implicated when individuals request information concerning themselves). However, if the department receives another request for this information from an individual without such a right of access, Open Records Letter No. 2018-15072 is a previous determination issued to the department authorizing it to withhold the dates of birth of living public citizens under section 552.101 of the Government Code in conjunction with common-law privacy without requesting a decision from this office.
