Assistant General Counsel and Public Information Coordinator
The University of Texas System

Dear Ms. Burnett:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 924879 (OGC# 203451).

The University of Texas Medical Branch at Galveston (the "university") received a request for information related to a specified investigation. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we note some of the submitted information, which we have marked, is not responsive to the instant request for information because it does not pertain to the investigation at issue. This ruling does not address the public availability of any information that is not responsive to the request and the university is not required to release such information in response to this request.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses section 161.032 of the Health and Safety Code, which provides, in relevant part:

(c) Records, information, or reports of a medical committee, medical peer review committee, or compliance officer and records, information, or reports provided by a medical committee, medical peer review committee, or compliance officer to the governing body of a public hospital, hospital district, or hospital authority are not subject to disclosure under [the Act].

...

(e) The records, information, and reports received or maintained by a compliance officer retain the protection provided by this section only if the records, information, or reports are received, created, or maintained in the exercise of a proper function of the compliance officer as provided by the Office of Inspector General of the United States Department of Health and Human Services.

(f) This section and Subchapter A, Chapter 160, Occupations Code, do not apply to records made or maintained in the regular course of business by a hospital, health maintenance organization, medical organization, university medical center or health science center, hospital district, hospital authority, or extended care facility.

Health & Safety Code § 161.032(c), (e), (f). You state the responsive information consists of records of the university's Office of Institutional Compliance ("compliance office"). You state the compliance office initiated an investigation of a complaint pursuant to the university's compliance program. We understand the compliance program was developed pursuant to the guidelines issued by the Office of Inspector General of the United States Department of Health and Human Services. You explain the information at issue was created for and is part of the compliance file for the complaint at issue and is not maintained in the regular course of business. *Cf. Texarkana Mem'l Hosp., Inc. v. Jones*, 551 S.W.2d 33, 35 (Tex. 1977) (defining records made or maintained in regular course of business). Based on your representations and our review, we conclude the information at issue consists of records, information, or reports of a compliance officer acting under subchapter D of chapter 161 of the Health and Safety Code. Therefore, the university must withhold the responsive information under section 552.101 of the Government Code in conjunction with section 161.032 of the Health and Safety Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
