

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

January 11, 2022

Ms. Lisa D. Mares
Assistant City Attorney
City of Dallas
1500 Marilla Street
Dallas, Texas 75201

OR2022-00983

Dear Ms. Gonzalez and Ms. Mares:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 921637 (Ref. No. C008656-092321).

The City of Dallas (the "city") received a request for information pertaining to a specified bidding opportunity. Although you take no position as to whether the submitted information is excepted under the Act, you state release of the submitted information may implicate the proprietary interests of AT&T; Convergent Technologies ("Convergent"); Genetec Inc.; Hitachi Vantara, LLC; and Sigma Surveillance, Inc. d/b/a STS360.¹ Accordingly, you state, and provide documentation showing, you notified these interested third parties of the request for information and of their right to submit arguments to this office as to why the submitted information should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have received comments from Convergent. We have considered the submitted arguments and reviewed the submitted information.

¹ We note we asked the city to provide additional information pursuant to section 552.303 of the Government Code. *See* Gov't Code § 552.303(c)-(d) (if attorney general determines information in addition to that required by section 552.301 is necessary to render decision, written notice of that fact shall be given to governmental body and requestor, and governmental body shall submit necessary additional information to attorney general not later than seventh calendar day after date of receipt of notice). As of the date of this letter, we have not received correspondence pursuant to that request.

Initially, we note an interested third party is allowed ten business days after the date of its receipt of the governmental body's notice to submit its reasons, if any, as to why information relating to that party should not be released. *See id.* § 552.305(d)(2)(B). As of the date of this ruling, we have not received comments from the remaining third parties. Thus, we have no basis to conclude any remaining third party has a protected proprietary interest in the submitted information. *See, e.g., id.* § 552.110 (requiring the provision of specific factual evidence demonstrating the applicability of the exception). Accordingly, the department may not withhold any of the submitted information on the basis of any proprietary interest Accenture may have in the information.

Section 552.110(b) of the Government Code states, “[e]xcept as provided by [s]ection 552.0222, information is [excepted from required disclosure] if it is demonstrated based on specific factual evidence that the information is a trade secret.” *See id.* § 552.110(b). Section 552.110(a) defines a trade secret as all forms and types of information if:

(1) the owner of the trade secret has taken reasonable measures under the circumstances to keep the information secret; and

(2) the information derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable through proper means by, another person who can obtain economic value from the disclosure or use of the information.

Id. § 552.110(a). Section 552.110(c) of the Government Code states:

(c) Except as provided by Section 552.0222, commercial or financial information for which it is demonstrated based on specific factual evidence that disclosure would cause substantial competitive harm to the person from whom the information was obtained is [excepted from required disclosure].

Id. § 552.110(c). Convergent argues some of its information consists of trade secrets subject to section 552.110(b) and commercial or financial information subject to section 552.110(c). Upon review, we find Convergent has demonstrated portions of the information at issue constitute commercial or financial information, the release of which would cause substantial competitive harm. Accordingly, the city must withhold the information we marked and Covergint's customer information under section 552.110(c) of the Government Code. However, to the extent any of Convergent's the customer information has been made available to the public by Convergent, including but not limited to on its website or social media accounts, such information is not confidential under section 552.110(c). Further, we find Convergent has failed to provide specific factual evidence demonstrating the remaining information at issue is a trade secret or constitutes commercial or financial information, the release of which would result in substantial competitive harm. Therefore, the city may not withhold any of the remaining information at issue under section 552.110(b) or 552.110(c) of the Government Code.

Section 552.1101 of the Government Code provides, in relevant part:

(a) Except as provided by Section 552.0222, information submitted to a governmental body by a vendor, contractor, potential vendor, or potential contractor in response to a request for a bid, proposal, or qualification is excepted from the requirements of Section 552.021 if the vendor, contractor, potential vendor, or potential contractor that the information relates to demonstrates based on specific factual evidence that disclosure of the information would:

(1) reveal an individual approach to:

(A) work;

(B) organizational structure;

(C) staffing;

(D) internal operations;

(E) processes; or

(F) discounts, pricing methodology, pricing per kilowatt hour, cost data, or other pricing information that will be used in future solicitation or bid documents; and

(2) give advantage to a competitor.

(b) The exception to disclosure provided by Subsection (a) does not apply to:

(1) information in a voucher or contract relating to the receipt or expenditure of public funds by a governmental body; or

(2) communications and other information sent between a governmental body and a vendor or contractor related to the performance of a final contract with the governmental body or work performed on behalf of the governmental body.

Id. § 552.1101(a), (b). Convergent asserts disclosure of some of its remaining information would reveal an individual approach to work, organizational structure, staffing, internal operations, processes, and pricing and give advantage to a competitor. However, we find Convergent failed to provide specific factual evidence demonstrating any portion of the rest of the remaining information at issue is subject to section 552.1101(a). Therefore, the department may not withhold any of the remaining information at issue under section 552.1101(a).

We note some of the remaining information appears to be protected by copyright. A custodian of public records must comply with the copyright law and is not required to furnish copies of records that are copyrighted. Open Records Decision No. 180 at 3 (1977). A governmental body must allow inspection of copyrighted materials unless an exception applies to the information. *Id.*; see Open Records Decision No. 109 (1975). If a member of the public wishes to make copies of copyrighted materials, the person must do so unassisted by the governmental body. In making copies, the member of the public assumes the duty of compliance with the copyright law and the risk of a copyright infringement suit.

In summary, the city must withhold the information we marked and Convergint's customer information under section 552.110(c) of the Government Code, to the extent Convergint's customer information has not been made available to the public by Convergint, including but not limited to on its website or social media accounts. The city must release the remaining information; however, any information subject to copyright may only be released in accordance with copyright law.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
