ATTORNEY GENERAL OF TEXAS

January 24, 2022

Ms. Amanda Rice
Assistant City Attorney
City of Temple
2 North Main Street, Suite 308
Temple, Texas 76501

OR2022-01829

Dear Ms. Rice:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 926205 (ORR# 21-2923).

The City of Temple (the "city") received a request for a specified incident report. You claim portions of the submitted information are excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from public disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by section 773.091 of the Health and Safety Code, which provides in part:

- (a) A communication between certified emergency medical services [(“EMS”)] personnel or a physician providing medical supervision and a patient that is made in the course of providing emergency medical services to the patient is confidential and privileged and may not be disclosed except as provided by this chapter.
- (b) Records of the identity, evaluation, or treatment of a patient by emergency medical services personnel or by a physician providing medical supervision that are created by the emergency medical services personnel or physician or maintained by an emergency medical services provider are confidential and privileged and may not be disclosed except as provided by this chapter.

...

(g) The privilege of confidentiality under this section does not extend to information regarding the presence, nature of injury or illness, age, sex, occupation, and city of residence of a patient who is receiving emergency medical services.

Health & Safety Code § 773.091(a)-(b), (g). You argue some of the information at issue consists of records made and maintained by EMS personnel. Upon review, we find the information at issue does not consist of communications between certified emergency medical services personnel providing medical supervision and patients that were made in the course of providing emergency medical services to the patients. *See id.* § 773.091(a). Furthermore, the information at issue does not consist of records of the identity, evaluation, or treatment of patients by emergency medical services personnel providing medical supervision that were created by the emergency medical services personnel or maintained by an emergency medical services provider. *See id.* § 773.091(b). Accordingly, we find section 773.091 does not apply to any portion of the information at issue, and the city may not withhold any portion of the submitted information under section 552.101 of the Government Code on that basis. As you raise no further exceptions to disclosure, the city must release the submitted information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
