Dear Ms. Joseph:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 925858 (Ref. No. R000325).

The City of Liberty Hill (the "city"), which you represent, received a request for information pertaining to a specified location. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information that is made confidential by other statutes. You raise section 552.101 in conjunction with section 418.181 of the Homeland Security Act (the "HSA"). Sections 418.176 through 418.182 were added to chapter 418 of the Government Code as part of the HSA. Section 418.181 provides "[t]hose documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism." *Id.* § 418.181. The fact that information may relate to a governmental body's security concerns does not make the information *per se* confidential under the HSA. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute's key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any confidentiality provision, a governmental body asserting one of the confidentiality provisions of the HSA must adequately explain how the responsive information falls within the scope of the claimed provision. *See* Gov't Code

§ 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You state the submitted information reveals technical details of layouts of underground utilities, including sanitary sewer, water, and drainage infrastructures. You assert, and we agree, the city's water and sewer systems are critical infrastructure for purposes of section 418.181. *See generally id.* § 421.001 (defining "critical infrastructure" to include "all public or private assets, systems, and functions vital to the security, governance, public health and safety, economy, or morale of the state or the nation"). You explain release of the information at issue would divulge vulnerabilities of the critical infrastructure to an act of terrorism. Based on your representations and our review, we find you have demonstrated the applicability of section 418.181 to some of the information at issue, which we have marked. Therefore, the city must withhold the information we have marked under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code. However, we find you have failed to demonstrate the remaining information at issue identifies the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism. *See Open Records Decision Nos. 542 (1990) (stating that governmental body has burden of establishing that exception applies to requested information), 532 (1989), 515 (1988), 252 (1980).* Consequently, the city may not withhold any of the remaining information under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code. The city must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
