

**KEN PAXTON**  
ATTORNEY GENERAL OF TEXAS

January 28, 2022

Ms. Lauren Azopardi  
Assistant City Attorney  
City of Fort Worth  
200 Texas Street, 3rd Floor  
Fort Worth, Texas 76102

OR2022-02506

Dear Ms. Azopardi:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 927462 [PIR No. R000435-102721].

The City of Fort Worth (the "city") received a request for water, sewer, and storm drawings for a specified location. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.<sup>1</sup>

Initially, we note some of the submitted information is not responsive to the instant request for information because it does not consist of the requested drawings. This ruling does not address the public availability of any information that is not responsive to the request and the city is not required to release such information in response to this request.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses the Texas Homeland Security Act (the "HSA"). As part of the HSA, sections 418.176 through 418.182 were added to

---

<sup>1</sup> We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. See Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

chapter 418 of the Government Code. These provisions make certain information related to terrorism confidential. Section 418.181 provides:

Those documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism.

*Id.* § 418.181. The fact that information may relate to a governmental body's security concerns does not make the information *per se* confidential under the HSA. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute's key terms is not sufficient to demonstrate the applicability of the claimed provision. As with any exception to disclosure, a governmental body asserting one of the confidentiality provisions of the HSA must adequately explain how the responsive records fall within the scope of the claimed provision. *See* Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You assert, and we agree, the city's water and sanitary sewer line systems are critical infrastructure. *See generally id.* § 421.001 (defining "critical infrastructure" to include "all public or private assets, systems, and functions vital to the security, governance, public health and safety, economy, or morale of the state or the nation"). You state the responsive information "shows significant details of the city's water supply and sanitary sewer systems" and "[release] of technical details of the systems could disclose their vulnerabilities." Based on your representations and our review, we find the city has demonstrated the release of the information at issue would identify the technical details of particular vulnerabilities critical infrastructure to an act of terrorism. Thus, the city must withhold the responsive information under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at <https://www.texasattorneygeneral.gov/open-government/members-public/what-expect-after-ruling-issued> or call the OAG's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Public Information Act may be directed to the Cost Rules Administrator of the OAG, toll free, at (888) 672-6787.

Sincerely,

Paige Lay  
Assistant Attorney General  
Open Records Division
