Dear Ms. Orr:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 929839 (ORR# R021049-110821).

The Dallas Independent School District (the "district") received a request for information pertaining to a specified request for proposals. You claim the submitted information is excepted from disclosure under section 552.104 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.104(a) of the Government Code excepts from disclosure information that a governmental body demonstrates, if released, would "harm its interests by providing an advantage to a competitor or bidder in a particular ongoing competitive situation or in a particular competitive situation where the governmental body establishes the situation at issue is set to reoccur or there is a specific and demonstrable intent to enter into the competitive situation again in the future." Gov't Code § 552.104(a). The "test under section 552.104 is whether knowing another bidder's [or competitor's information] would be an advantage, not whether it would be a decisive advantage." *Boeing Co. v. Paxton*, 466 S.W.3d 831, 841 (Tex. 2015). You state the submitted information pertains to an ongoing competitive bidding process. You further state a contract has not been executed and release of the submitted information could undermine the selection process to the detriment of the district. After review of the information at issue and consideration of the arguments, we find the district has established the release of the submitted information would harm its interests by providing an advantage to a competitor or bidder in a particular ongoing competitive situation. Thus, we conclude the district may withhold the submitted information under section 552.104(a).

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
