Dear Ms. Flores:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 939755 (City File No. P003430-011022).

The City of San Angelo (the "city") received a request for information related to a specified automobile accident, including 9-1-1 call audio, call sheets, and all video recordings. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we note you have only submitted video recordings. To the extent any additional information responsive to the request existed on the date the city received the request, we assume the city has released it. If the city has not released any such information, it must do so at this time. *See* Gov't Code §§ 552.301(a), .302; *see also* Open Records Decision No. 664 (2000) (if governmental body concludes no exceptions apply to requested information, it must release information as soon as possible).

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Body worn cameras are subject to chapter 1701 of the Occupations Code. Chapter 1701 provides the procedures a requestor must follow when seeking a body worn camera recording. Section 1701.661(a) provides:

A member of the public is required to provide the following information when submitting a written request to a law enforcement agency for information recorded by a body worn camera:

- (1) the date and approximate time of the recording;
- (2) the specific location where the recording occurred; and
- (3) the name of one or more persons known to be a subject of the recording.

Occ. Code § 1701.661(a). Upon review of the information at issue, we determine the requestor provided the information required by section 1701.661(a) of the Occupations Code for release of the body worn camera recording at issue. We note, however, section 1701.661(f) provides, in relevant part:

A law enforcement agency may not release any portion . . . of a recording involving the investigation of conduct that constitutes a misdemeanor punishable by fine only and does not result in arrest, without written authorization from the person who is the subject of that portion of the recording or, if the person is deceased, from the person's authorized representative.

*Id.* § 1701.661(f). The city states the body worn camera recordings at issue involve an investigation of conduct that constitutes a misdemeanor punishable by fine only and that did not result in an arrest. The city states it does not have permission for release from all of the subjects of the recordings at issue. *See id.* Accordingly, we find the city must withhold the submitted body worn camera recordings under section 552.101 of the Government Code in conjunction with section 1701.661(f) of the Occupations Code. However, the remaining information does not consist of body worn camera recordings. Therefore, the remaining information is not subject to section 1701.661 of the Occupations Code, and the department may not withhold the remaining information under section 552.101 of the Government Code on that basis.

Section 552.130 of the Government Code provides information relating to a motor vehicle operator's license, driver's license, motor vehicle title or registration, or personal identification document issued by an agency of this state or another state or country is excepted from public release.<sup>1</sup> *See Gov't Code* § 552.130. Accordingly, the city must withhold all visible license plate images, license plate numbers, and driver's license numbers in the remaining information under section 552.130 of the Government Code.

In summary, the city must withhold the body worn camera recordings under section 552.101 of the Government Code in conjunction with section 1701.661(f) of the Occupations Code. The city must withhold all visible license plate images, license plate

numbers, and drivers license numbers in the remaining information under section 552.130 of the Government Code. The remaining information must be released.
