

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

April 29, 2022

Ms. Jacqueline Villarreal
Assistant District Attorney
Hidalgo County District Attorney's Office
100 East Cano Street
Edinburg, Texas 78539

OR2022-12274

Dear Ms. Villarreal:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 943961 (ORR# 2022-2019-DA.SO).

The Hidalgo County Sheriff's Office (the "sheriff's office") received a request for the policies related to placing an inmate in a "padded cell." The sheriff's office claims the submitted information is excepted from disclosure under section 552.108 of the Government Code. We have considered the claimed exception and reviewed the submitted information.

Section 552.108(b)(1) of the Government Code excepts from disclosure "[a]n internal record or notation of a law enforcement agency or prosecutor that is maintained for internal use in matters relating to law enforcement or prosecution . . . if (1) release of the internal record or notation would interfere with law enforcement or prosecution[.]" Gov't Code § 552.108(b)(1). This section is intended to protect "information which, if released, would permit private citizens to anticipate weaknesses in a police department, avoid detection, jeopardize officer safety, and generally undermine police efforts to effectuate the laws of this State." *City of Fort Worth v. Cornyn*, 86 S.W.3d 320, 327 (Tex. App.—Austin 2002, no pet.). This office has concluded this provision protects certain kinds of information, the disclosure of which might compromise the security or operations of a law enforcement agency. *See, e.g.*, Open Records Decision Nos. 531 at 3-4 (1989) (detailed guidelines regarding police department's use of force policy), 508 at 3-4 (1988) (information relating to future transfers of prisoners), 413 (1984) (sketch showing security measures for forthcoming execution). However, to claim this aspect of section 552.108 protection a governmental body must meet its burden of explaining how and why release of the

information at issue would interfere with law enforcement and crime prevention. Open Records Decision No. 562 at 10 (1990). Further, commonly known policies and techniques may not be withheld under section 552.108. *See, e.g.*, Open Records Decision Nos. 531 at 2-3 (former section 552.108 does not protect Penal Code provisions, common-law rules, and constitutional limitations on use of force), 252 at 3 (1980) (governmental body did not meet burden because it did not indicate why investigative procedures and techniques submitted were any different from those commonly known with law enforcement and crime prevention). To prevail on its claim that section 552.108(b)(1) exempts information from disclosure, a law-enforcement agency must do more than merely make a conclusory assertion that releasing the information would interfere with law enforcement. The determination of whether the release of particular records would interfere with law enforcement is made on a case-by-case basis. Open Records Decision No. 409 at 2 (1984). Upon review, we find the release of some of the submitted information would interfere with law enforcement. Thus, the sheriff's office may withhold this information, which we have marked, under section 552.108(b)(1) of the Government Code. However, we conclude the sheriff's office has not established section 552.108(b)(1) is applicable to the remaining information. Therefore, the sheriff's office may not withhold any of the remaining information on that ground. Accordingly, the sheriff's office must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
