

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

May 3, 2022

Ms. Angelie Thomas
Assistant City Attorney
City of Sugar Land
P.O. Box 110
Sugar Land, Texas 77487-0110

OR2022-12522

Dear Ms. Thomas:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 945297 (COSL ORR# W013658).

The City of Sugar Land (the "city") received a request for utility plans related to a specified area. The city states it will release most of the responsive information to the requestor. The city claims the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception the city claims and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information that is made confidential by other statutes. The city raises section 552.101 in conjunction with section 418.181 of the Homeland Security Act (the "HSA"). Sections 418.176 through 418.182 were added to chapter 418 of the Government Code as part of the HSA. Section 418.181 provides:

Those documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism.

Id. § 418.181. The fact that information may relate to a governmental body's security concerns does not make the information *per se* confidential under the HSA. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute's

key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting one of the confidentiality provisions of the HSA must adequately explain how the responsive records fall within the scope of the claimed provision. *See* Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

The city states “[t]he submitted information contains details of water lines, storm sewer lines, sanitary sewer lines, and manholes that are part of the [c]ity’s water, sanitary[,] and drainage systems.” The city contends, and we agree, its water, sanitary, and drainage systems constitute critical infrastructure for the purposes of section 418.181. *See generally id.* § 421.001(2) (defining “critical infrastructure” to include “all public or private assets, systems, and functions vital to the security, governance, public health and safety, economy, or morale of the state or the nation”). The city also states the public release of the information at issue would expose this critical infrastructure to possible acts of terrorism by exposing potential vulnerabilities in the critical infrastructure. Based on the city’s representations and our review of the information at issue, we find the city has demonstrated the applicability of section 418.181 to the information at issue. Thus, the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
