Dear Ms. Brickley:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 948522.

The Texas Historical Commission (the "commission") received a request for communications regarding any ongoing or proposed projects by the City of San Antonio within a certain area of land, including permit applications. You state the commission has released some information. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from public disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses section 191.004 of the Natural Resources Code, which provides the following:

- (a) Information specifying the location of any site or item declared to be a state archeological landmark under Subchapter D of this chapter is not public information.
- (b) Information specifying the location or nature of an activity covered by a permit or an application for a permit under this chapter is not public information.
- (c) Information specifying details of a survey to locate state archeological

landmarks under this chapter is not public information.

Nat. Res. Code § 191.004. The submitted information relates to work proposed or performed at state archeological landmarks for purposes of chapter 191 of the Natural Resources Code. *See id.* § 191.092(a). Based upon your representations and our review, we find the submitted information is subject to section 191.004. Accordingly, the commission must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 191.004 of the Natural Resources Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
