

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

June 13, 2022

Mr. Cody L. Robinson
Assistant City Attorney
City of Irving
825 West Irving Boulevard
Irving, Texas 75060

OR2022-16931

Dear Mr. Robinson:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 951499 (ORR# PI-22-1038).

The City of Irving (the "city") received a request for a list of properties with specified types of code violations. The city claims the submitted information is excepted from disclosure under section 552.1331 of the Government Code. We have considered the exception the city claims and reviewed the submitted representative sample of information.¹

Section 552.1331 of the Government Code provides, in part:

(a) In this section:

(1) "Advanced metering system" means a utility metering system that collects data at regular intervals through the use of an automated wireless or radio network.

(2) "Government-operated utility" has the meaning assigned by Section 182.051, Utilities Code.

(b) Except as provided by Subsection (c) of this section and Section 182.052, Utilities Code, information maintained by a government-operated utility is excepted from the requirements of Section 552.021 if it is information that:

¹ We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. See Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

(1) is collected as part of an advanced metering system for usage, services, and billing, including amounts billed or collected for utility usage; or

(2) reveals whether:

(A) an account is delinquent or eligible for disconnection; or

(B) services have been discontinued by the government-operated utility.

Gov't Code § 552.1331(a)–(b). We understand the city is a government-operated utility for purposes of section 552.1331. *See* Util. Code § 182.051(3) (providing a “government-operated utility” is a governmental body or entity that, for compensation, provides water, wastewater, sewer, gas, garbage, electricity, or drainage service). The city informs us the submitted information consists of a list of properties whose utility services were eligible for disconnection, were disconnected, or are delinquent. Based upon these representations and our review, we conclude the city must withhold the submitted information under section 552.1331 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
