

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

June 20, 2022

Ms. Adisa Harrington
Counsel for the Harris County Municipal Utility District No. 18
Allen Boone Humphries Robinson LLP
3200 Southwest Freeway, Suite 2600
Houston, Texas 77027

OR2022-17601

Dear Ms. Harrington:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 952696.

The Harris County Municipal Utility District No. 18 (the "district"), which you represent, received a request for specified drawings related to water flow.¹ You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code.² We have considered the exception you claim and reviewed the submitted representative sample of information.³

¹ You state, and provide documentation showing, the district sought and received clarification of the information requested. See Gov't Code § 552.222 (providing if request for information is unclear, governmental body may ask requestor to clarify request); see also *City of Dallas v. Abbott*, 304 S.W.3d 380, 387 (Tex. 2010) (holding that when a governmental entity, acting in good faith, requests clarification or narrowing of an unclear or overbroad request for information, the ten-day period to request an attorney general ruling is measured from the date the request is clarified or narrowed).

² We note the district may have violated section 552.301 of the Government Code in requesting this decision. See Gov't Code § 552.301(e). Nonetheless, because section 552.101 of the Government Code can provide a compelling reason to overcome the presumption of openness, we will consider its applicability to the submitted information. See *id.* §§ 552.007, .302, .352.

³ We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. See Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

Section 552.101 of the Government Code exempts from public disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov’t Code § 552.101. This section encompasses information protected by chapter 418 of the Government Code. As part of the Texas Homeland Security Act (the “HSA”), sections 418.176 through 418.182 were added to chapter 418 of the Government Code. These provisions make confidential certain information related to terrorism. Section 418.181 of the Government Code provides the following:

Those documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism.

Id. § 418.181; *see also id.* § 421.001(2) (defining “critical infrastructure” to include all public or private assets, systems, and functions vital to security, governance, public health and safety, economy, or morale of state or nation). The fact that information may relate to a governmental body’s security concerns does not make the information *per se* confidential under the HSA. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute’s key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting one of the confidentiality provisions of the HSA must adequately explain how the responsive records fall within the scope of the claimed provision. *See* Gov’t Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You state the submitted information identifies technical details of the district water systems. You assert, and we agree, the district water systems at issue are critical infrastructure. *See generally id.* § 421.001(2). You also assert release of the information at issue would reveal vulnerabilities in the water systems at issue. Based upon these representations and our review, we find the submitted information reveals the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism. Accordingly, the district must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at <https://www.texasattorneygeneral.gov/open-government/members-public/what-expect-after-ruling-issued> or call the OAG’s Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable

charges for providing public information under the Public Information Act may be directed to the Cost Rules Administrator of the OAG, toll free, at (888) 672-6787.

Sincerely,

Tim Neal
Assistant Attorney General
Open Records Division
