Ms. Patricia M. Borschow
Assistant General Counsel
El Paso Water Utilities—Public Service Board
P.O. Box 511

OR2022-17611

Dear Ms. Borschow:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the “Act”), chapter 552 of the Government Code. Your request was assigned ID# 954265 (ORR# W105669-032822).

The El Paso Water Utilities Public Service Board (the “board”) received a request for specified maps. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Section 552.101 of the Government Code excepts from public disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov’t Code § 552.101. Section 552.101 encompasses information protected by other statutes. As part of the Texas Homeland Security Act, sections 418.176 through 418.182 were added to chapter 418 of the Government Code. These provisions make confidential certain information related to terrorism. Section 418.181 provides:

Those documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism.

Id. § 418.181. The fact that information may relate to a governmental body’s security concerns does not make the information *per se* confidential under the Texas Homeland

¹ We assume the “representative sample” of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

Security Act. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute's key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting one of the confidentiality provisions of the Texas Homeland Security Act must adequately explain how the responsive records fall within the scope of the claimed provision. *See* Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You state the submitted information identifies specific locations and details of the City of El Paso's (the "city") water, storm, and wastewater systems. You assert, and we agree, the city's water, storm, and wastewater systems are critical infrastructure. *See generally id.* § 421.001 (defining "critical infrastructure" to include "all public or private assets, systems, and functions vital to the security, governance, public health and safety, economy, or morale of the state or the nation"). You also assert release of the information would allow criminals to exploit vulnerabilities in the city's water, storm, and wastewater systems. Based upon your representations and our review, we find the submitted information reveals the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism. Thus, the board must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
