Mr. John Hargis
General Counsel
Texas Board of Veterinary Medical Examiners
333 Guadalupe Street, Suite 3-810
Austin, Texas 78701

OR2022-17811

Dear Mr. Hargis:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 955097 (REF# ORR22-022).

The Texas Board of Veterinary Medical Examiners (the "board") received a request for the complaint filed in a specified case. The board claims the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the claimed exception and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information made confidential by section 801.207 of the Occupations Code, which provides:

(b) Each complaint, investigation file and record, and other investigation report and all other investigative information in the possession of or received or gathered by the board or the board's employees or agents relating to a license holder, an application for license, or a criminal investigation or proceeding is privileged and confidential and is not subject to discovery, subpoena, or other means of legal compulsion for release to anyone other than the board or the board's employees or agents involved in discipline of a license holder.

Occ. Code § 801.207(b). The board states, under its procedures, an investigation file is opened upon receipt of a complaint, and any matters related to that complaint and subsequent investigation become part of the investigation record. We note the information at issue relates to a complaint filed with the board after September 1, 2021, and the board informs us this information is contained within investigation files. The board states section 801.207(d) of the Occupations Code does not apply to the information at issue. Therefore, based on these representations and our review, we conclude the submitted information is confidential under section 801.207(b) of the Occupations Code, and the board must withhold it under section 552.101 of the Government Code on that basis.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
