Dear Ms. Adams:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 956793 (Ref. No. W132920).

The Arlington Police Department (the "department") received a request for information pertaining to the requestor's client, including a specified incident report. The department states it released some of the requested information. The department claims the submitted information is excepted from disclosure under section 552.108 of the Government Code. We have considered the claimed exception and reviewed the submitted information.

Initially, we note the submitted information includes a commitment order and search warrant. Section 552.022(a)(17) of the Government Code provides for required public disclosure of "information that is also contained in a public court record[,]" unless the information is expressly made confidential under the Act or other law. Gov't Code § 552.022(a)(17). The department seeks to withhold the information at issue under section 552.108 of the Government Code. However, section 552.108 is discretionary in nature and does not make information confidential under the Act. *See* Open Records Decision Nos. 665 at 2 n.5 (2000) (discretionary exceptions generally), 663 at 5 (1999) (waiver of discretionary exceptions), 177 at 3 (1977) (statutory predecessor to Gov't Code § 552.108 subject to waiver). Therefore, the department may not withhold the submitted commitment order and search warrant under section 552.108. However, we will address the department's argument against disclosure of the remaining information.

Next, we note the submitted information includes a Laboratory Report for Blood Alcohol Analysis and Specimen Routing Report. Full information concerning the analysis of the specimen must be made available upon the request of the person who has given the specimen at the request of a peace officer. *See* Transp. Code § 724.018. Here, the requestor is the attorney for the individual who submitted the specimen. The department seeks to withhold this information under section 552.108 of the Government Code. However, we note a statutory right of access generally prevails over the exceptions to public disclosure under the Act. *See, e.g.*, Open Records Decision Nos. 613 at 4 (1993) (exceptions in Act cannot impinge on statutory right of access to information), 451 (1986) (specific statutory right of access provisions overcome general exception to disclosure under the Act). Thus, the department must release the Laboratory Report for Blood Alcohol Analysis and Specimen Routing Report to this requestor pursuant to section 724.018 of the Transportation Code.

Section 552.108(a)(1) of the Government Code excepts from disclosure “[i]nformation held by a law enforcement agency or prosecutor that deals with the detection, investigation, or prosecution of crime . . . if . . . release of the information would interfere with the detection, investigation, or prosecution of crime[.]” Gov’t Code § 552.108(a)(1). A governmental body claiming section 552.108(a)(1) must explain how and why the release of the requested information would interfere with law enforcement. *See id.* §§ 552.108(a)(1), .301(e)(1)(A); *see also Ex parte Pruitt*, 551 S.W.2d 706 (Tex. 1977). The department states the remaining information relates to a pending prosecution. Generally, the release of information pertaining to an open case is presumed to interfere with the criminal investigation. *See Houston Chronicle Publ’g Co. v. City of Houston*, 531 S.W.2d 177 (Tex. Civ. App.—Houston [14th Dist.] 1975), *writ ref’d n.r.e. per curiam*, 536 S.W.2d 559 (Tex. 1976) (court delineates law enforcement interests that are present in active cases). We note, however, the information at issue includes a DIC-24 Statutory Warning and a DIC-25 Notice of Suspension. The Statutory Warning and Notice of Suspension have previously been provided to the arrestee. Because copies of these documents have previously been released to the arrestee, we find the department has not shown how release of the documents will interfere with the detection, investigation, or prosecution of crime. *See* Gov’t Code § 552.108(a)(1). Because the remaining information at issue has not been previously released, we conclude release of this information would interfere with the detection, investigation, or prosecution of crime. Thus, we find section 552.108(a)(1) is applicable to the remaining information at issue.

However, we note section 552.108 does not except from disclosure basic information about an arrested person, an arrest, or a crime. *Id.* § 552.108(c). Basic information refers to the information held to be public in *Houston Chronicle*. *See* 531 S.W.2d at 186-88; Open Records Decision No. 127 (1976) (summarizing types of information considered to be basic information). Thus, with the exception of the DIC-24 Statutory Warning, DIC-25 Notice of Suspension, and basic information, the department may withhold the remaining information under section 552.108(a)(1) of the Government Code.

In summary, the department must release the submitted commitment order and search warrant pursuant to section 552.022(a)(17) of the Government Code. The department must also release the Laboratory Report for Blood Alcohol Analysis and Specimen Routing

Report to this requestor pursuant to section 724.018 of the Transportation Code. With the exception of the DIC-24 Statutory Warning, DIC-25 Notice of Suspension, and basic information, which must be released, the department may withhold the remaining information under section 552.108(a)(1) of the Government Code. The department must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
