City of San Antonio

OR2022-19025

Dear Mr. Kopp:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 957183 (COSA File No. W442398).

The City of San Antonio (the "city") received a request for information pertaining to specified incidents. You state you have released some information to the requestor. You claim some of the submitted information is excepted from disclosure under sections 552.108 and 552.152 of the Government Code. We have considered the exceptions you claim and reviewed the submitted information.

Section 552.152 of the Government Code provides:

Information in the custody of a governmental body that relates to an employee or officer of the governmental body is excepted from [required public disclosure] if, under the specific circumstances pertaining to the employee or officer, disclosure of the information would subject the employee or officer to a substantial threat of physical harm.

Gov't Code § 552.152. You inform us some of the submitted information relates to undercover peace officers. You assert release of this information would subject the officers to a substantial threat of physical harm. Based upon these representations and our review, we conclude you have demonstrated release of the information at issue would subject the officers to a substantial threat of physical harm. Therefore, the city must withhold the

undercover officers' identities, which you marked, under section 552.152 of the Government Code.<sup>1</sup> The city must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
