

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

July 11, 2022

Ms. Katheryne Ellison
Assistant General Counsel
Houston Independent School District
4400 West 18th Street
Houston, Texas 77092-8501

OR2022-19803

Dear Ms. Ellison:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 956538 (ORR# D041922).

The Houston Independent School District (the "district") received a request for construction and inventory records related to a specified facility. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we note you have not submitted information responsive to the portion of the request for inventory records related to the specified facility. Although you state the district has submitted a representative sample of the requested information, we find the submitted information is not representative of all the types of information to which the requestor seeks access. Please be advised, this open records letter ruling applies only to the types of information you have submitted for our review. This ruling does not authorize the district to withhold any information that is substantially different from the types of information you submitted to this office. *See* Gov't Code § 552.302 (where request for attorney general decision does not comply with requirements of Gov't Code § 552.301, information at issue is presumed to be public). Accordingly, to the extent any information responsive to the remaining portion of the request existed on the date the district received the request, we assume you have released it. If you have not released any such information, you must do so at this time. *See id.* §§ 552.301(a), .302; *see also* Open Records Decision No. 664 (2000) (if governmental body concludes no exceptions apply to requested information, it must release information as soon as possible).

Section 552.101 of the Government Code exempts from public disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov’t Code § 552.101. Section 552.101 encompasses information protected by chapter 418 of the Government Code. As part of the Texas Homeland Security Act (the “HSA”), sections 418.176 through 418.182 were added to chapter 418 of the Government Code. These provisions make confidential certain information related to terrorism. Section 418.181 of the Government Code provides “[t]hose documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism.” *Id.* § 418.181; *see also id.* § 421.001(2) (defining “critical infrastructure” to include all public or private assets, systems, and functions vital to security, governance, public health and safety, economy, or morale of state or nation). The fact that information may relate to a governmental body’s security concerns or to a security system does not make the information *per se* confidential under the HSA. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute’s key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting one of the confidentiality provisions of the HSA must adequately explain how the responsive records fall within the scope of the claimed provision. *See* Gov’t Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You assert the submitted information identifies the technical details of particular vulnerabilities of a particular district building to an act of terrorism. You state, and we agree, the building at issue is critical infrastructure for purposes of section 418.181. *See id.* § 421.001(2). You also state the information at issue reveals entry and exit points as well as potential security vulnerabilities. You assert release of the information at issue “could lead to a breach of security at [a district] facility[,] compromising the safety of [the district]’s employees[.]” Based upon these representations and our review, we agree the information at issue identifies the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism. Accordingly, the district must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code.¹

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at <https://www.texasattorneygeneral.gov/open-government/members-public/what-expect-after-ruling-issued> or call the OAG’s Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable

¹ As our ruling is dispositive, we need not address your remaining argument against disclosure.

charges for providing public information under the Public Information Act may be directed to the Cost Rules Administrator of the OAG, toll free, at (888) 672-6787.

Sincerely,

Tim Neal
Assistant Attorney General
Open Records Division
