

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

July 11, 2022

Mr. Jackson Latimer
First Assistant County Attorney
Potter County
500 South Fillmore Street, Room 301
Amarillo, Texas 79101

OR2022-19823

Dear Mr. Latimer:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 956648.

The Potter County Sheriff's Office (the "sheriff's office") received a request for all information pertaining to any arrests of a named individual during a defined time period. You indicate the sheriff's office has released some information. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 of the Government Code encompasses information protected by chapter 411 of the Government Code, which makes confidential criminal history record information ("CHRI") generated by the National Crime Information Center ("NCIC") or by the Texas Crime Information Center ("TCIC"). *See* Gov't Code § 411.083(a). Title 28, part 20 of the Code of Federal Regulations governs the release of CHRI that states obtain from the federal government or other states. Open Records Decision No. 565 (1990). The federal regulations allow each state to follow its individual laws with respect to the CHRI it generates. *See id.* Section 411.083 of the Government Code deems confidential CHRI that DPS maintains, except DPS may disseminate this information as provided by chapter 411, subchapter F, or subchapter E-1 of the Government Code. *See* Gov't Code § 411.083(a). Sections 411.083(b)(1) and 411.089(a) authorize a criminal justice agency to obtain CHRI; however, a criminal justice agency may not release CHRI except to another criminal justice agency for a criminal justice purpose. *Id.*

§ 411.089(b)(1). Other entities specified in chapter 411 of the Government Code are entitled to obtain CHRI from DPS or another criminal justice agency; however, those entities may not release CHRI except as provided by chapter 411. *See generally id.* §§ 411.090-.127. Thus, any CHRI obtained from DPS or any other criminal justice agency must be withheld under section 552.101 of the Government Code in conjunction with chapter 411, subchapter F, of the Government Code. We note, because the laws governing the dissemination of information obtained from the NCIC or TCIC are based on both law enforcement and privacy interests, the CHRI of a deceased individual that is obtained from the DPS or another criminal justice agency may be disseminated only as permitted by subchapter F of chapter 411 of the Government Code. *See* ORD 565 at 10-12. Upon review, we find the information we marked consists of CHRI which the sheriff's office must withhold under section 552.101 of the Government Code in conjunction with section 411.083 of the Government Code and federal law.

Section 552.101 of the Government Code also encompasses information protected by the Medical Practice Act (the "MPA"), subtitle B of title 3 of the Occupations Code, which governs release of medical records. Section 159.002 of the MPA provides, in relevant part:

- (a) A communication between a physician and a patient, relative to or in connection with any professional services as a physician to the patient, is confidential and privileged and may not be disclosed except as provided by this chapter.
- (b) A record of the identity, diagnosis, evaluation, or treatment of a patient by a physician that is created or maintained by a physician is confidential and privileged and may not be disclosed except as provided by this chapter.
- (c) A person who receives information from a confidential communication or record as described by this chapter, other than a person listed in Section 159.004 who is acting on the patient's behalf, may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was first obtained.

Occ. Code § 159.002(a)-(c). Information that is subject to the MPA includes both medical records and information obtained from those medical records. *See id.* §§ 159.002, .004. This office has determined the protection afforded by section 159.002 extends only to records created by either a physician or someone under the supervision of a physician. *See* Open Records Decision Nos. 487 (1987), 370 (1983), 343 (1982). Section 159.001 of the MPA defines "patient" as a person who consults with or is seen by a physician to receive medical care. Occ. Code § 159.001(3). Under this definition, a deceased person cannot be a patient under section 159.002 of the MPA. *See* ORDs 487, 370, 343. Thus, the MPA is applicable only to records related to a person who was alive at the time of diagnosis, evaluation, or treatment to which the records pertain. Upon review, we find the information we marked is confidential under the MPA. Accordingly, the sheriff's office must withhold the information we marked under section 552.101 of the Government Code in conjunction with the MPA.

Section 552.101 of the Government Code also encompasses section 181.006 of the Health and Safety Code, which provides the following:

[F]or a covered entity that is a governmental unit, an individual's protected health information:

(1) includes any information that reflects that an individual received health care from the covered entity; and

(2) is not public information and is not subject to disclosure under [the Act].

Health & Safety Code § 181.006. Section 181.001(b)(2)(A) defines "covered entity" to include any person who

(A) for commercial, financial, or professional gain, monetary fees, or dues, or on a cooperative, nonprofit, or pro bono basis, engages, in whole or in part, and with real or constructive knowledge, in the practice of assembling, collecting, analyzing, using, evaluating, storing, or transmitting protected health information. The term includes a business associate, health care payer, governmental unit, information or computer management entity, school, health researcher, health care facility, clinic, health care provider, or person who maintains an Internet site[.]

Id. § 181.001(b)(2)(A). You assert the sheriff's office is a covered entity for purposes of section 181.006 of the Health and Safety Code. However, in order to determine whether the sheriff's office is a covered entity, we must address whether the sheriff's office engages in the practice of "assembling, collecting, analyzing, using, evaluating, storing, or transmitting protected health information." *Id.* Section 181.001 states "[u]nless otherwise defined in this chapter, each term that is used in this chapter has the meaning assigned by the Health Insurance Portability and Accountability Act ["HIPAA"] and Privacy Standards." *Id.* § 181.001(a). Accordingly, as chapter 181 does not define "protected health information," we turn to HIPAA's definition of the term. HIPAA defines "protected health information" as individually identifiable health information that is transmitted or maintained in electronic media or any other form or medium. *See* 45 C.F.R. § 160.103. HIPAA defines "individually identifiable health information" as information that is a subset of health information, including demographic information collected from an individual, and:

(1) Is created or received by a health care provider, health plan, employer, or health care clearinghouse; and

(2) Relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual; and

- (i) That identifies the individual; or
- (ii) With respect to which there is a reasonable basis to believe the information can be used to identify the individual.

Id. Although you assert the sheriff's office is a covered entity, you failed to explain the remaining information consists of protected health information. Thus, we find you failed to demonstrate the applicability of section 181.006 of the Health and Safety Code. Accordingly, the sheriff's office may not withhold any of the remaining information under section 552.101 of the Government Code on that basis.

In summary, the sheriff's office must withhold the information we marked under section 552.101 of the Government Code in conjunction with section 411.083 of the Government Code and federal law. The sheriff's office must withhold the information we marked under section 552.101 of the Government Code in conjunction with the MPA. The sheriff's office must release the remaining information.
