ATTORNEY GENERAL OF TEXAS

July 22, 2022

Mr. Michael Roseberry
General Counsel
Austin Independent School District
4000 South IH 35 Frontage Road
Austin, Texas 78704

OR2022-21623

Dear Mr. Roseberry:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the “Act”), chapter 552 of the Government Code. Your request was assigned ID# 961128.

The Austin Independent School District (the “district”) received a request for the “school wide value added score” for each district school created during the Professional Pathways for Teachers appraisal process. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we note some of the submitted information, which we have marked, is not responsive to the instant request for information because it does not consist of the requested “school wide value added score”. This ruling does not address the public availability of any information that is not responsive to the request and the district is not required to release such information in response to this request.

Section 552.101 of the Government Code excepts from disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov’t Code § 552.101. This section encompasses information protected by other statutes. Section 21.355 of the Education Code provides, in relevant part, “[a] document evaluating the performance of a teacher or administrator is confidential[.]” Educ. Code § 21.355(a). The Third Court of Appeals has concluded a written reprimand constitutes an evaluation for purposes of section 21.355 because “it reflects the principal’s judgment regarding [a teacher’s] actions, gives corrective direction, and provides for further review.” *Abbott v. North East Indep. Sch. Dist.*, 212 S.W.3d 364 (Tex. App.—Austin 2006, no pet.). This

office has interpreted section 21.355 to apply to any document that evaluates, as that term is commonly understood, the performance of a teacher or administrator. *See* Open Records Decision No. 643 (1996). In Open Records Decision No. 643, we determined for purposes of section 21.355, the word “teacher” means a person who is required to and does in fact hold a teaching certificate under subchapter B of chapter 21 of the Education Code and who is in the process of teaching, as that term is commonly defined, at the time of the evaluation. *See id.* at 4. Further, in Open Records Decision No. 643, we determined an “administrator” for purposes of section 21.355 means a person who is required to, and does in fact, hold an administrator’s certificate under subchapter B of chapter 21 of the Education Code, and is performing the functions as an administrator, as that term is commonly defined, at the time of the evaluation. *Id.*

The district argues the responsive information consists of confidential evaluations of the teachers and administrators by the district. However, upon review, we find the district has failed to demonstrate any of the responsive information consists of documents evaluating the performance of a teacher or administrator for purposes of section 21.355 of the Education Code. Accordingly, none of the responsive information may be withheld under section 552.101 of the Government Code on that basis. The district must release the responsive information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
