ATTORNEY GENERAL OF TEXAS

July 22, 2022

Mr. Brian Sears  
Assistant General Counsel  
Texas Department of Public Safety  
P.O. Box 4087  
Austin, Texas 78773-0001

OR2022-21671

Dear Mr. Sears:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 958260 (PIR# 22-0894).

The Department of Public Safety (the "department") received a request for arrest records and forms related to Operation Lone Star for a stated timeframe.<sup>1</sup> You claim the submitted information is excepted from disclosure under sections 552.101 and 552.108 of the Government Code. We have considered the exceptions you claim. We have also received and considered comments from the requestor. *See* Gov't Code § 552.304 (permitting interested third party to submit to attorney general reasons why requested information should or should not be released). We have considered the claimed exceptions and reviewed the submitted representative sample of information.<sup>2</sup>

---

<sup>1</sup> You state the department sought and received clarification of the request for information. *See* Gov't Code § 552.222(b) (stating if information requested is unclear to governmental body or if large amount of information has been requested, governmental body may ask requestor to clarify or narrow request, but may not inquire into purpose for which information will be used); *City of Dallas v. Abbott*, 304 S.W.3d 380 (Tex. 2010) (holding when governmental entity, acting in good faith, requests clarification of unclear or overbroad request for public information, ten-business-day period to request attorney general opinion is measured from date request is clarified or narrowed).

<sup>2</sup> We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

Section 552.101 of the Government Code excepts from public disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” *Id.* § 552.101. Section 552.101 encompasses information protected by chapter 418 of the Government Code. As part of the Texas Homeland Security Act (the “HSA”), sections 418.176 through 418.182 were added to chapter 418 of the Government Code. These provisions make confidential certain information related to terrorism. Section 418.176(a) of the Government Code provides the following:

Information is confidential if the information is collected, assembled, or maintained by or for a governmental entity for the purpose of preventing, detecting, responding to, or investigating an act of terrorism or related criminal activity and:

- (1) relates to staffing requirements of an emergency response provider, including law enforcement agency, a fire-fighting agency, or an emergency services agency;
- (2) relates to a tactical plan of the provider; or
- (3) consists of a list or compilation of pager or telephone numbers, including mobile and cellular telephone numbers, of the provider.

*Id.* § 418.176(a). Section 418.177 of the Government Code provides the following:

Information is confidential if the information:

- (1) is collected, assembled, or maintained by or for a governmental entity for the purpose of preventing, detecting, or investigating an act of terrorism or related criminal activity; and
- (2) relates to an assessment by or for a governmental entity, or an assessment that is maintained by a governmental entity, of the risk or vulnerability of persons or property, including critical infrastructure, to an act of terrorism or related criminal activity.

*Id.* § 418.177. The fact that information may relate to a governmental body’s security concerns does not make the information *per se* confidential under the HSA. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute’s key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting one of the confidentiality provisions of the HSA must adequately explain how the responsive records fall within the scope of the claimed provision. *See* Gov’t Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You state the information at issue reveals tactical plans of emergency response providers in relation to operations at the border and possible vulnerabilities related to the border. You

argue release of the information at issue could aid terrorists and other criminals in avoiding detection and in the commission of crimes against critical infrastructure related to the state's international border. Based upon these representations and our review, we find the information at issue relates to tactical plans of emergency response providers maintained by the department for the purpose of preventing, detecting, responding to, or investigating an act of terrorism or related criminal activity. *See* Open Records Decision Nos. 542 (1990), 532 (1989), 515 (1988), 252 (1980). Accordingly, the department must withhold the submitted information under section 552.101 of the Government Code in conjunction with sections 418.176 and 418.177 of the Government Code.<sup>3</sup>

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
