Re: Request for call for service, dashboard camera and body camera recordings from
22016733

Dear Ms. Cotton:

The Office of the Attorney General has received your request for a ruling and assigned your request ID# 970036

After reviewing your arguments and the submitted information, we have determined your request does not present a novel or complex issue. Thus, we are addressing your claims in a memorandum opinion. In this instance, the requestor does not give the requisite information under section 1701.661(a) of the Occupations Code. As the requestor did not properly request the body worn camera recordings at issue pursuant to chapter 1701, our ruling does not reach this information and it need not be released.¹ You claim some of the remaining video recordings must be withheld from the requestor in their entirety pursuant to section 552.130 of the Government Code because you lack the technological capability to redact the motor vehicle record information not pertaining to the requestor's client from the recordings. Thus, we agree you must withhold the video recordings we indicated pursuant to section 552.130 of the Government Code. The remaining information must be released.

For more information on the cited exception, please refer to the open government information on our website at <https://www.texasattorneygeneral.gov/open->

¹ As we are able to make this determination, we need not address your remaining arguments against disclosure of this information.
