

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

Mr. Avis D. White
Paralegal

P.O. Box 1329

OR2022-26813

Dear Mr. White:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 969677 (Ref. No. W039524).

The Killeen Police Department (the "department") received a request for twenty-two points of information pertaining to a specified accident. You state you have released some information, including the redacted CR-3 accident report pursuant to section 550.065(c-1) of the Transportation Code. *See* Transp. Code § 550.065(c-1) (providing for release of redacted accident report to person or entity not listed under subsection (c)). You state the department does not maintain information responsive to a portion of the request.¹ You claim some of the submitted information was not properly requested pursuant to section 1701.661 of the Occupations Code. You also claim the submitted information is excepted from disclosure under section 552.108 of the Government Code. We have considered the submitted arguments and reviewed the submitted information.

Initially, we note the submitted information includes a police officer's body worn camera recording. Body worn cameras are subject to chapter 1701 of the Occupations Code. Chapter 1701 provides the procedures a requestor must follow when seeking a body worn camera recording. Section 1701.661 provides, in relevant part, the following:

¹ The Act does not require a governmental body that receives a request for information to create information that did not exist when the request was received. *See Econ. Opportunities Dev. Corp. v. Bustamante*, 562 S.W.2d 266 (Tex. Civ. App.—San Antonio 1978, writ dismissed); Open Records Decision Nos. 605 at 2 (1992), 563 at 8 (1990), 555 at 1-2 (1990), 452 at 3 (1986), 362 at 2 (1983).

(a) A member of the public is required to provide the following information when submitting a written request to a law enforcement agency for information recorded by a body worn camera:

- (1) the date and approximate time of the recording;
- (2) the specific location where the recording occurred; and
- (3) the name of one or more persons known to be a subject of the recording.

Occ. Code § 1701.661(a). In this instance, the requestor does not provide the requisite information under section 1701.661(a). As the body worn camera recording at issue was not properly requested pursuant to chapter 1701 of the Occupations Code, our ruling does not reach this information and it need not be released.² However, pursuant to section 1701.661(b), a “failure to provide all the information required by [s]ubsection (a) to be part of a request for recorded information does not preclude the requestor from making a future request for the same recorded information.” *Id.* § 1701.661(b). Nevertheless, we note the remaining video and audio recordings are not subject to chapter 1701 of the Occupations Code. Accordingly, we will consider whether this information is otherwise excepted under the Act.

Next, we must address the department’s obligations under section 552.301 of the Government Code, which prescribes the procedures a governmental body must follow in asking this office to decide whether requested information is excepted from public disclosure. *See* Gov’t Code § 552.301. Pursuant to section 552.301(b), a governmental body must ask for a decision from this office and state the exceptions that apply within ten business days of receiving the written request. *See id.* § 552.301(b). We understand the department was closed on June 20, 2022, in observance of Juneteenth. This office does not count the date the request was received or holidays for purposes of calculating a governmental body’s deadlines under the Act. The department received the request for information on June 10, 2022. Accordingly, the department was required to provide the information required by section 552.301(b) by June 27, 2022. However, the envelope in which the department provided the information required by section 552.301(b) was postmarked June 28, 2022. *See id.* § 552.308(a)(1) (describing rules for calculating submission dates of documents sent via first class United States mail, common or contract carrier, or interagency mail). Accordingly, we conclude the department failed to comply with the procedural requirements mandated by section 552.301 of the Government Code.

Pursuant to section 552.302 of the Government Code, a governmental body’s failure to comply with the procedural requirements of section 552.301 results in the legal presumption that the requested information is public and must be released unless there is a compelling reason to withhold the information from disclosure. *See id.* § 552.302; *Simmons v. Kuzmich*, 166 S.W.3d 342 (Tex. App.—Fort Worth 2005, no pet.); *Hancock v. State Bd. of Ins.*, 797 S.W.2d 379, 381-82 (Tex. App.—Austin 1990, no writ). Although the

² As our ruling is dispositive, we need not address the remaining argument against disclosure of this information.

department claims section 552.108 of the Government Code for the information at issue, we find the department failed to establish a compelling reason to address its argument under this exception. However, because section 552.130 of the Government Code can provide a compelling reason to overcome the presumption of openness, we will address this exception against release of the information at issue.³

Section 552.130 of the Government Code excepts from public disclosure information relating to a motor vehicle operator's or driver's license, motor vehicle title or registration, or personal identification document issued by an agency of this state or another state or country. *See* Gov't Code § 552.130. Accordingly, the department must withhold all visible license plates, license plate numbers, states of issuance, and registration stickers within the remaining information under section 552.130 of the Government Code.

In summary, as the body worn camera recording at issue was not properly requested pursuant to chapter 1701 of the Occupations Code, our ruling does not reach this information and it need not be released. The department must withhold all visible license plates, license plate numbers, states of issuance, and registration stickers within the remaining information under section 552.130 of the Government Code. The department must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at <https://www.texasattorneygeneral.gov/open-government/members-public/what-expect-after-ruling-issued> or call the OAG's Open Government Hotline, toll free, at (877) 673-6839. Sincerely,

Chase D. Young
Assistant Attorney General

³ The Office of the Attorney General will raise a mandatory exception on behalf of a governmental body, but ordinarily will not raise other exceptions. *See* Open Records Decision Nos. 481 (1987), 480 (1987), 470 (1987).
