Dear Ms. Delong:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the “Act”), chapter 552 of the Government Code. Your request was assigned ID# 975092.

The City of Lott (the “city”), which you represent, received a request for certain categories of information pertaining to K9 officers employed by the city. You state the city will release some of the requested information. You claim the submitted information is excepted from disclosure under section 552.108 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Section 552.108(b)(1) excepts from disclosure the internal records and notations of law enforcement agencies and prosecutors when their release would interfere with law enforcement and crime prevention. Gov’t Code § 552.108(b)(1); *see also* Open Records Decision No. 531 at 2 (1989). Section 552.108(b)(1) is intended to protect “information which, if released, would permit private citizens to anticipate weaknesses in a police department, avoid detection, jeopardize officer safety, and generally undermine police efforts to effectuate the laws of this State.” *See City of Ft. Worth v. Cornyn*, 86 S.W.3d 320 (Tex. App.—Austin 2002, no pet.). To demonstrate the applicability of this exception, a governmental body must meet its burden of explaining how and why release of the requested information would interfere with law enforcement and crime prevention. Open

¹ We assume the “representative sample” of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

Records Decision No. 562 at 10 (1990). This office has concluded section 552.108(b)(1) excepts from public disclosure information relating to the security or operation of a law enforcement agency. *See, e.g.*, Open Records Decision Nos. 531 (release of detailed use of force guidelines would unduly interfere with law enforcement), 252 (1980) (section 552.108 is designed to protect investigative techniques and procedures used in law enforcement), 143 (1976) (disclosure of specific operations or specialized equipment directly related to investigation or detection of crime may be excepted). Section 552.108(b)(1) is not applicable, however, to generally known policies and procedures. *See, e.g.*, Open Records Decision Nos. 531 at 2-3 (Penal Code provisions, common law rules, and constitutional limitations on use of force not protected), 252 at 3 (governmental body failed to indicate why investigative procedures and techniques requested were any different from those commonly known).

You argue release of some of the submitted information would interfere with law enforcement and crime prevention. You state, “release of the inventory of the city police department’s weapons and equipment would disclose departmental methods of dealing with various situations involving the use of force, its firepower, and disclose ways in which its operations may be jeopardized or exploited.” Based on your representations and our review, we agree release of the submitted information would interfere with law enforcement. Accordingly, the city may withhold the submitted information under section 552.108(b)(1) of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
