ATTORNEY GENERAL OF TEXAS

October 18, 2022

Mr. David T. Ritter  
Counsel for the City of McKinney  
Brown & Hofmeister, L.L.P.  
740 East Campbell, Suite 800  
Richardson, Texas 75081

OR2022-32022

Dear Mr. Ritter:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 977916 (City ID# G25125).

The City of McKinney (the "city"), which you represent, received a request for development plans related to a specified subdivision. You state will release some information to the requestor. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes, such as section 418.181 of the Government Code, which was added to chapter 418 of the Government Code as part of the Texas Homeland Security Act. Section 418.181 provides,

Those documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism.

*Id.* § 418.181. The fact information may generally be related to a governmental body's security concerns or to a security system does not make the information *per se* confidential under section 418.181. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute's key terms is not sufficient to demonstrate the

applicability of a claimed provision. As with any confidentiality provision, a governmental body asserting section 418.181 must adequately explain how the responsive information falls within the scope of the statute. *See* Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You argue the submitted information is confidential under section 418.181 of the Government Code. You state the information at issue identifies the physical locations and technical details of the city's water and sanitary sewer system. You argue, and we agree, the city's water and sanitary sewer systems are critical infrastructure for purposes of section 418.181. *See generally id.* § 421.001(2) (defining "critical infrastructure" to include "all public or private assets, systems, and functions vital to the security, governance, public health and safety, economy, or morale of the state or the nation"). You state release of the information at issue would "compromise the safety and security measures" related to the systems at issue. Based on these representations and our review of the information at issue, we find you have demonstrated the release of the information at issue would identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism. Thus, the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
