ATTORNEY GENERAL OF TEXAS

October 27, 2022

Ms. Jacqueline Villarreal  
Assistant District Attorney  
Hidalgo County  
100 East Cano Street  
Edinburg, Texas 78539

OR2022-33275

Dear Ms. Villarreal:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 980727 (ORR# 2022-0175-DA.SO).

The Hidalgo County Sheriff's Office (the "sheriff's office") received a request for records related to a named former employee of the sheriff's office. The sheriff's office claims some of the submitted information does not consist of public information subject to the Act. The sheriff's office also claims the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the submitted arguments and reviewed the submitted information.

Initially, we note the submitted information contains a peace officer's Texas Commission on Law Enforcement ("commission") identification number.<sup>1</sup> Section 552.002(a) defines "public information" as information that is written, produced, collected, assembled, or maintained under a law or ordinance or in connection with the transaction of official business by a governmental body; for a governmental body and the governmental body owns, has a right of access to, or spends or contributes public money for the purpose of writing, producing, collecting, assembling, or maintaining the information; or by an individual officer or employee of a governmental body in the officer's or employee's official capacity and the information pertains to official business of the governmental body.

---

<sup>1</sup> The Texas Commission on Law Enforcement Officer Standards and Education was renamed the Texas Commission on Law Enforcement by the 83rd Legislature. See Act of May 6, 2013, 83rd Leg., R.S., ch. 93, § 1.01, 2013 Tex. Gen. Laws 174, 174.

Gov't Code. § 552.002(a). In Open Records Decision No. 581 (1990), this office determined certain computer information, such as source codes, documentation information, and other computer programming, that has no significance other than its use as a tool for the maintenance, manipulation, or protection of public property is not the kind of information made public under section 552.021 of the Government Code. ORD 581 at 5. We understand an officer's commission identification number is a unique computer-generated number assigned to peace officers for identification in the commissioner's electronic database, and may be used as an access device number on the commission's website. Accordingly, we find the officer's commission identification number in the submitted information does not constitute public information under section 552.002 of the Government Code. Therefore, the commission identification number is not subject to the Act and the sheriff's office is not required to release it to the requestor.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information made confidential by the Medical Practice Act ("MPA"), subtitle B of title 3 of the Occupations Code, which governs release of medical records. Section 159.002 of the MPA provides, in relevant part:

- (a) A communication between a physician and a patient, relative to or in connection with any professional services as a physician to the patient, is confidential and privileged and may not be disclosed except as provided by this chapter.
- (b) A record of the identity, diagnosis, evaluation, or treatment of a patient by a physician that is created or maintained by a physician is confidential and privileged and may not be disclosed except as provided by this chapter.
- (c) A person who receives information from a confidential communication or record as described by this chapter, other than a person listed in Section 159.004 who is acting on the patient's behalf, may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was first obtained.

Occ. Code § 159.002(a)-(c). Information subject to the MPA includes both medical records and information obtained from those medical records. *See id.* §§ 159.002, .004. This office has concluded the protection afforded by section 159.002 extends only to records created by either a physician or someone under the supervision of a physician. *See Open Records Decision Nos. 487 (1987), 370 (1983), 343 (1982).* We have further found when a file is created as a result of a hospital stay, all the documents in the file referring to diagnosis and treatment constitute physician-patient communications or "[r]ecords of the identity, diagnosis, evaluation, or treatment of a patient by a physician that are created or maintained by a physician." Open Records Decision No. 546 (1990).

Upon review, we find some of the submitted information, which we marked, constitutes records of the identity, diagnosis, evaluation, or treatment of a patient by a physician that were created or are maintained by a physician and information obtained from a patient's medical records. Accordingly, the sheriff's office must withhold the marked information under section 552.101 of the Government Code in conjunction with the MPA. Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information made confidential by the Medical Practice Act ("MPA"), subtitle B of title 3 of the Occupations Code, which governs release of medical records. Section 159.002 of the MPA provides, in relevant part:

- (a) A communication between a physician and a patient, relative to or in connection with any professional services as a physician to the patient, is confidential and privileged and may not be disclosed except as provided by this chapter.
- (b) A record of the identity, diagnosis, evaluation, or treatment of a patient by a physician that is created or maintained by a physician is confidential and privileged and may not be disclosed except as provided by this chapter.
- (c) A person who receives information from a confidential communication or record as described by this chapter, other than a person listed in Section 159.004 who is acting on the patient's behalf, may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was first obtained.

Occ. Code § 159.002(a)-(c). Information subject to the MPA includes both medical records and information obtained from those medical records. *See id.* §§ 159.002, .004. This office has concluded the protection afforded by section 159.002 extends only to records created by either a physician or someone under the supervision of a physician. *See Open Records Decision Nos. 487 (1987), 370 (1983), 343 (1982).* We have further found when a file is created as a result of a hospital stay, all the documents in the file referring to diagnosis and treatment constitute physician-patient communications or "[r]ecords of the identity, diagnosis, evaluation, or treatment of a patient by a physician that are created or maintained by a physician." *Open Records Decision No. 546 (1990).*

Upon review, we find some of the responsive information, which we marked, constitutes records of the identity, diagnosis, evaluation, or treatment of a patient by a physician that were created or are maintained by a physician and information obtained from a patient's medical records. Accordingly, the sheriff's office must withhold the information we marked under section 552.101 of the Government Code in conjunction with the MPA.

Section 552.101 of the Government Code also encompasses chapter 611 of the Health and Safety Code. Section 611.002 pertains to mental health records and provides, in pertinent part,

(a) Communications between a patient and a professional, and records of the identity, diagnosis, evaluation, or treatment of a patient that are created or maintained by a professional, are confidential.

(b) Confidential communications or records may not be disclosed except as provided by Section 611.004 or 611.0045.

Health & Safety Code § 611.002(a)-(b); *see id.* § 611.001 (defining “patient” and “professional”). Section 611.001 defines a “professional” as (1) a person authorized to practice medicine, (2) a person licensed or certified by the state to diagnose, evaluate or treat mental or emotional conditions or disorders, or (3) a person the patient reasonably believes is authorized, licensed, or certified. *See id.* § 611.001(2). Sections 611.004 and 611.0045 provide for access to mental health records only by certain individuals. *See id.* §§ 611.004, .0045; *see also* Open Records Decision No. 565 (1990). Upon review, we find a portion of the remaining responsive information, which we marked, consists of a mental health record that is subject to chapter 611 of the Health and Safety Code. Accordingly, the sheriff’s office must withhold the marked mental health record under section 552.101 of the Government Code in conjunction with section 611.002 of the Health and Safety Code.<sup>2</sup>

Section 552.101 of the Government Code also encompasses section 1701.454 of the Occupations Code, which governs the public availability of information submitted to the Texas Commission on Law Enforcement (the “commission”) under subchapter J of chapter 1701 of the Occupations Code.<sup>3</sup> Section 1701.454 provides as follows:

(a) All information submitted to the commission under this subchapter is confidential and is not subject to disclosure under Chapter 552, Government Code, unless the person resigned or was terminated due to substantiated incidents of excessive force or violations of the law other than traffic offenses.

(b) Except as provided by this subchapter, a commission member or other person may not release information submitted under this subchapter.

Occ. Code § 1701.454. The remaining responsive information includes information that was submitted to the commission pursuant to subchapter J of chapter 1701 of the Occupations Code. Furthermore, the information at issue does not indicate the named

---

<sup>2</sup> As our ruling is dispositive for this information, we need not address the remaining argument against its disclosure.

<sup>3</sup> The Texas Commission on Law Enforcement Officer Standards and Education was renamed the Texas Commission on Law Enforcement by the 83rd Legislature. *See* Act of May 6, 2013, 83rd Leg., R.S., ch. 93, § 1.01, 2013 Tex. Gen. Laws 174, 174.

officer resigned or was terminated due to substantiated incidents of excessive force or violations of the law other than traffic offenses. Therefore, the sheriff's office must withhold the submitted F-5 form under section 552.101 of the Government Code in conjunction with section 1701.454 of the Occupations Code.

Section 552.101 of the Government Code also encompasses the doctrine of common-law privacy, which protects information that is (1) highly intimate or embarrassing, the publication of which would be highly objectionable to a reasonable person, and (2) not of legitimate concern to the public. *Indus. Found. v. Tex. Indus. Accident Bd.*, 540 S.W.2d 668, 685 (Tex. 1976). To demonstrate the applicability of common-law privacy, both prongs of this test must be satisfied. *Id.* at 681-82. Types of information considered intimate and embarrassing by the Texas Supreme Court are delineated in *Industrial Foundation*. *Id.* at 683. Additionally, this office has concluded some kinds of medical information are generally highly intimate or embarrassing. *See* Open Records Decision No. 455 (1987). However, this office has concluded the public has a legitimate interest in information that relates to public employees and their conduct in the workplace. *See, e.g.*, Open Records Decision Nos. 562 at 10 (1990) (personnel file information does not involve most intimate aspects of human affairs but in fact touches on matters of legitimate public concern), 470 at 4 (1987) (job performance does not generally constitute public employee's private affairs), 444 at 3 (1986) (public has obvious interest in information concerning qualifications and performance of government employees), 405 at 2 (1983) (manner in which public employee's job was performed cannot be said to be of minimal public interest), 329 (1982) (reasons for employee's resignation ordinarily not private). Upon review, we find some of the submitted information, which we marked, satisfies the standard articulated by the Texas Supreme Court in *Industrial Foundation*. Therefore, the sheriff's office must withhold the information we marked under section 552.101 of the Government Code in conjunction with common-law privacy. However, we find the sheriff's office has not demonstrated any of the remaining information at issue is highly intimate or embarrassing, or the information is of legitimate public concern in this instance. Thus, the sheriff's office may not withhold any portion of the remaining information under section 552.101 in conjunction with common-law privacy.

In summary, the commission identification number contained in the submitted information is not subject to the Act and the sheriff's office is not required to release it to the requestor. The sheriff's office must withhold the information we marked under section 552.101 of the Government Code in conjunction with the MPA. The sheriff's office must withhold the mental health record we marked under section 552.101 of the Government Code in conjunction with section 611.002 of the Health and Safety Code. The sheriff's office must withhold the submitted F-5 form under section 552.101 of the Government Code in conjunction with section 1701.454 of the Occupations Code. The sheriff's office must withhold the information we marked under section 552.101 of the Government Code in conjunction with common-law privacy. The sheriff's office must release the remaining information.
