Dear Mr. Evans:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 983779.

The Polk Central Appraisal District (the "district"), which you represent, received a request for certain mapping and abatement agreements.<sup>1</sup> The district claims the submitted information is excepted from disclosure under section 552.101 of the Government Code. Additionally, the district states release of the submitted information may implicate the proprietary interests of an interested third party. Accordingly, the district states it notified the interested third party of the request for information and of its right to submit arguments to this office. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have considered the claimed exception and reviewed the submitted information.

---

<sup>1</sup> We note the district sought and received clarification of the information requested. *See* Gov't Code § 552.222 (providing if request for information is unclear, governmental body may ask requestor to clarify request); *see also* *City of Dallas v. Abbott*, 304 S.W.3d 380, 387 (Tex. 2010) (holding that when a governmental entity, acting in good faith, requests clarification or narrowing of an unclear or overbroad request for information, the ten-day period to request an attorney general ruling is measured from the date the request is clarified or narrowed).

Initially, we note an interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) of the Government Code to submit its reasons, if any, as to why information relating to that party should be withheld from public disclosure. *See* Gov't Code § 552.305(d)(2)(B). As of the date of this letter, we have not received comments from any third party explaining why the information at issue should not be released. Thus, we have no basis to conclude the third party has a protected proprietary interest in the submitted information. *See, e.g., id.* § 552.110 (requiring the provision of specific factual evidence demonstrating the applicability of the exception). Therefore, the district may not withhold the submitted information on the basis of any proprietary interest any third party may have in the information.

Section 552.101 of the Government Code excepts from public disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." *Id.* § 552.101. Section 552.101 encompasses information protected by chapter 418 of the Government Code. As part of the Texas Homeland Security Act (the "HSA"), sections 418.176 through 418.182 were added to chapter 418 of the Government Code. These provisions make confidential certain information related to terrorism. Section 418.181 of the Government Code provides the following:

Those documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism.

*Id.* § 418.181; *see also id.* § 421.001(2) (defining "critical infrastructure" to include all public or private assets, systems, and functions vital to security, governance, public health and safety, economy, or morale of state or nation). The fact that information may relate to a governmental body's security concerns does not make the information *per se* confidential under the HSA. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute's key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting one of the confidentiality provisions of the HSA must adequately explain how the responsive records fall within the scope of the claimed provision. *See* Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

The district claims the submitted information is confidential pursuant to section 418.181 of the Government Code. Upon review, however, we find the district has failed to establish the submitted information is confidential under section 418.181. Therefore, the district may not withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code. As no further arguments against disclosure are made, the district must release the submitted information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at <https://www.texasattorneygeneral.gov/open-government/members-public/what-expect-after-ruling-issued> or call the OAG's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Public Information Act may be directed to the Cost Rules Administrator of the OAG, toll free, at (888) 672-6787.

Sincerely,

James M. Graham
