

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

November 16, 2022

Ms. Ruth A. Takeda
Staff Attorney
Texas Commission on Environmental Quality
P.O. Box 13087
Austin, Texas 78711-3087

OR2022-35803

Dear Ms. Takeda:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 984959 (TCEQ PIR No. 22-76353).

The Texas Commission on Environmental Quality (the "commission") received a request for information pertaining to a specified water rights permit.¹ You state you have released some information. You claim some of the submitted information is excepted from disclosure under section 552.111 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.²

Section 552.111 excepts from disclosure "[a]n interagency or intraagency memorandum or letter that would not be available by law to a party in litigation with the agency[.]" Gov't Code § 552.111. Section 552.111 encompasses the attorney work product privilege found in rule 192.5 of the Texas Rules of Civil Procedure. *City of Garland v. Dallas Morning*

¹ You state the commission sought and received clarification of the information requested. See Gov't Code § 552.222 (providing if request for information is unclear, governmental body may ask requestor to clarify request); see also *City of Dallas v. Abbott*, 304 S.W.3d 380, 387 (Tex. 2010) (holding that when a governmental entity, acting in good faith, requests clarification or narrowing of an unclear or overbroad request for information, the ten-day period to request an attorney general ruling is measured from the date the request is clarified or narrowed).

² We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. See Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

News, 22 S.W.3d 351, 360 (Tex. 2000); Open Records Decision No. 677 at 4-8 (2002). Rule 192.5 defines work product as

(1) material prepared or mental impressions developed in anticipation of litigation or for trial by or for a party or a party's representatives, including the party's attorneys, consultants, sureties, indemnitors, insurers, employees, or agents; or

(2) a communication made in anticipation of litigation or for trial between a party and the party's representatives or among a party's representatives, including the party's attorneys, consultants, sureties, indemnitors, insurers, employees or agents.

TEX. R. CIV. P. 192.5. A governmental body seeking to withhold information under this exception bears the burden of demonstrating the information was created or developed for trial or in anticipation of litigation by or for a party or a party's representative. *Id.*; ORD 677 at 6-8. In order for this office to conclude the information was made or developed in anticipation of litigation, we must be satisfied

a) a reasonable person would have concluded from the totality of the circumstances surrounding the investigation that there was a substantial chance that litigation would ensue; and b) the party resisting discovery believed in good faith that there was a substantial chance that litigation would ensue and [created or obtained the information] for the purpose of preparing for such litigation.

Nat'l Tank Co. v. Brotherton, 851 S.W.2d 193, 207 (Tex. 1993). A "substantial chance" of litigation does not mean a statistical probability, but rather "that litigation is more than merely an abstract possibility or unwarranted fear." *Id.* at 204; ORD 677 at 7.

The commission claims some of the submitted information consists of attorney work product under section 552.111 of the Government Code. The commission states the information at issue was created in support of pending and anticipated litigation. The commission further states the information at issue reflects the mental impressions, conclusions, and legal theories of attorneys for the commission. Based upon these representations and our review, we find the commission has demonstrated the applicability of the attorney work product privilege to the information at issue. Accordingly, the commission may withhold the Attachment C and the information you indicated within Attachment D under the attorney work product privilege of section 552.111 of the Government Code. The commission must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and

responsibilities, please visit our website at <https://www.texasattorneygeneral.gov/open-government/members-public/what-expect-after-ruling-issued> or call the OAG's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Public Information Act may be directed to the Cost Rules Administrator of the OAG, toll free, at (888) 672-6787.

Sincerely,

Chase D. Young
Assistant Attorney General
