

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

November 30, 2022

Mr. Bryan Benway
Director of Communications and Public Information Officer
Boerne Independent School District
235 West Johns Road
Boerne, Texas 78006

OR2022-36951

Dear Mr. Benway:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 986969.

The Boerne Independent School District (the "district") received a request for seven points of information pertaining to a specified program. You claim the submitted information is excepted from disclosure under section 552.139 of the Government Code.¹ We have considered the exception you claim and reviewed the submitted information.

Section 552.139 of the Government Code provides, in relevant part:

(a) Information is excepted from [required public disclosure] if it is information that relates to computer network security, to restricted information under Section 2059.055 [of the Government Code], or to the design, operation, or defense of a computer network.

(b) The following information is confidential:

(1) a computer network vulnerability report;

¹ Although you also raise section 552.101 of the Government Code, you make no arguments to support this exception. Therefore, we assume you have withdrawn your claim that this section applies to the submitted information. See Gov't Code §§ 552.301, .302.

(2) any other assessment of the extent to which data processing operations, a computer, a computer program, network, system, or system interface, or software of a governmental body or of a contractor of a governmental body is vulnerable to unauthorized access or harm, including an assessment of the extent to which the governmental body's or contractor's electronically stored information containing sensitive or critical information is vulnerable to alteration, damage, erasure, or inappropriate use; [and]

...

(4) information directly arising from a governmental body's routine efforts to prevent, detect, investigate, or mitigate a computer security incident, including information contained in or derived from an information security log.

Id. § 552.139(a), (b)(1)-(2), (4). Section 2059.055 of the Government Code provides, in pertinent part:

(b) Network security information is confidential under this section if the information is:

(1) related to passwords, personal identification numbers, access codes, encryption, or other components of the security system of a governmental entity;

(2) collected, assembled, or maintained by or for a governmental entity to prevent, detect, or investigate criminal activity; or

(3) related to an assessment, made by or for a governmental entity or maintained by a governmental entity, of the vulnerability of a network to criminal activity.

Id. § 2059.055(b). You generally assert the submitted information is protected under section 552.139 of the Government Code. However, we find you have failed to demonstrate the submitted information relates to computer network security, or to the design, operation, or defense of a computer network as contemplated by 552.139(a), consists of a network vulnerability report or assessment as contemplated by section 552.139(b), or relates to restricted information under 2059.055. Further, we find you have failed to demonstrate the information at issue relates to routine efforts to prevent, detect, investigate, or mitigate a computer security incident. Accordingly, section 552.139 is not applicable to the submitted information, and the district may not withhold it on that basis. As no other exceptions to disclosure have been raised, the district must release the submitted information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
